

Scammers Hate **Smart Customers**

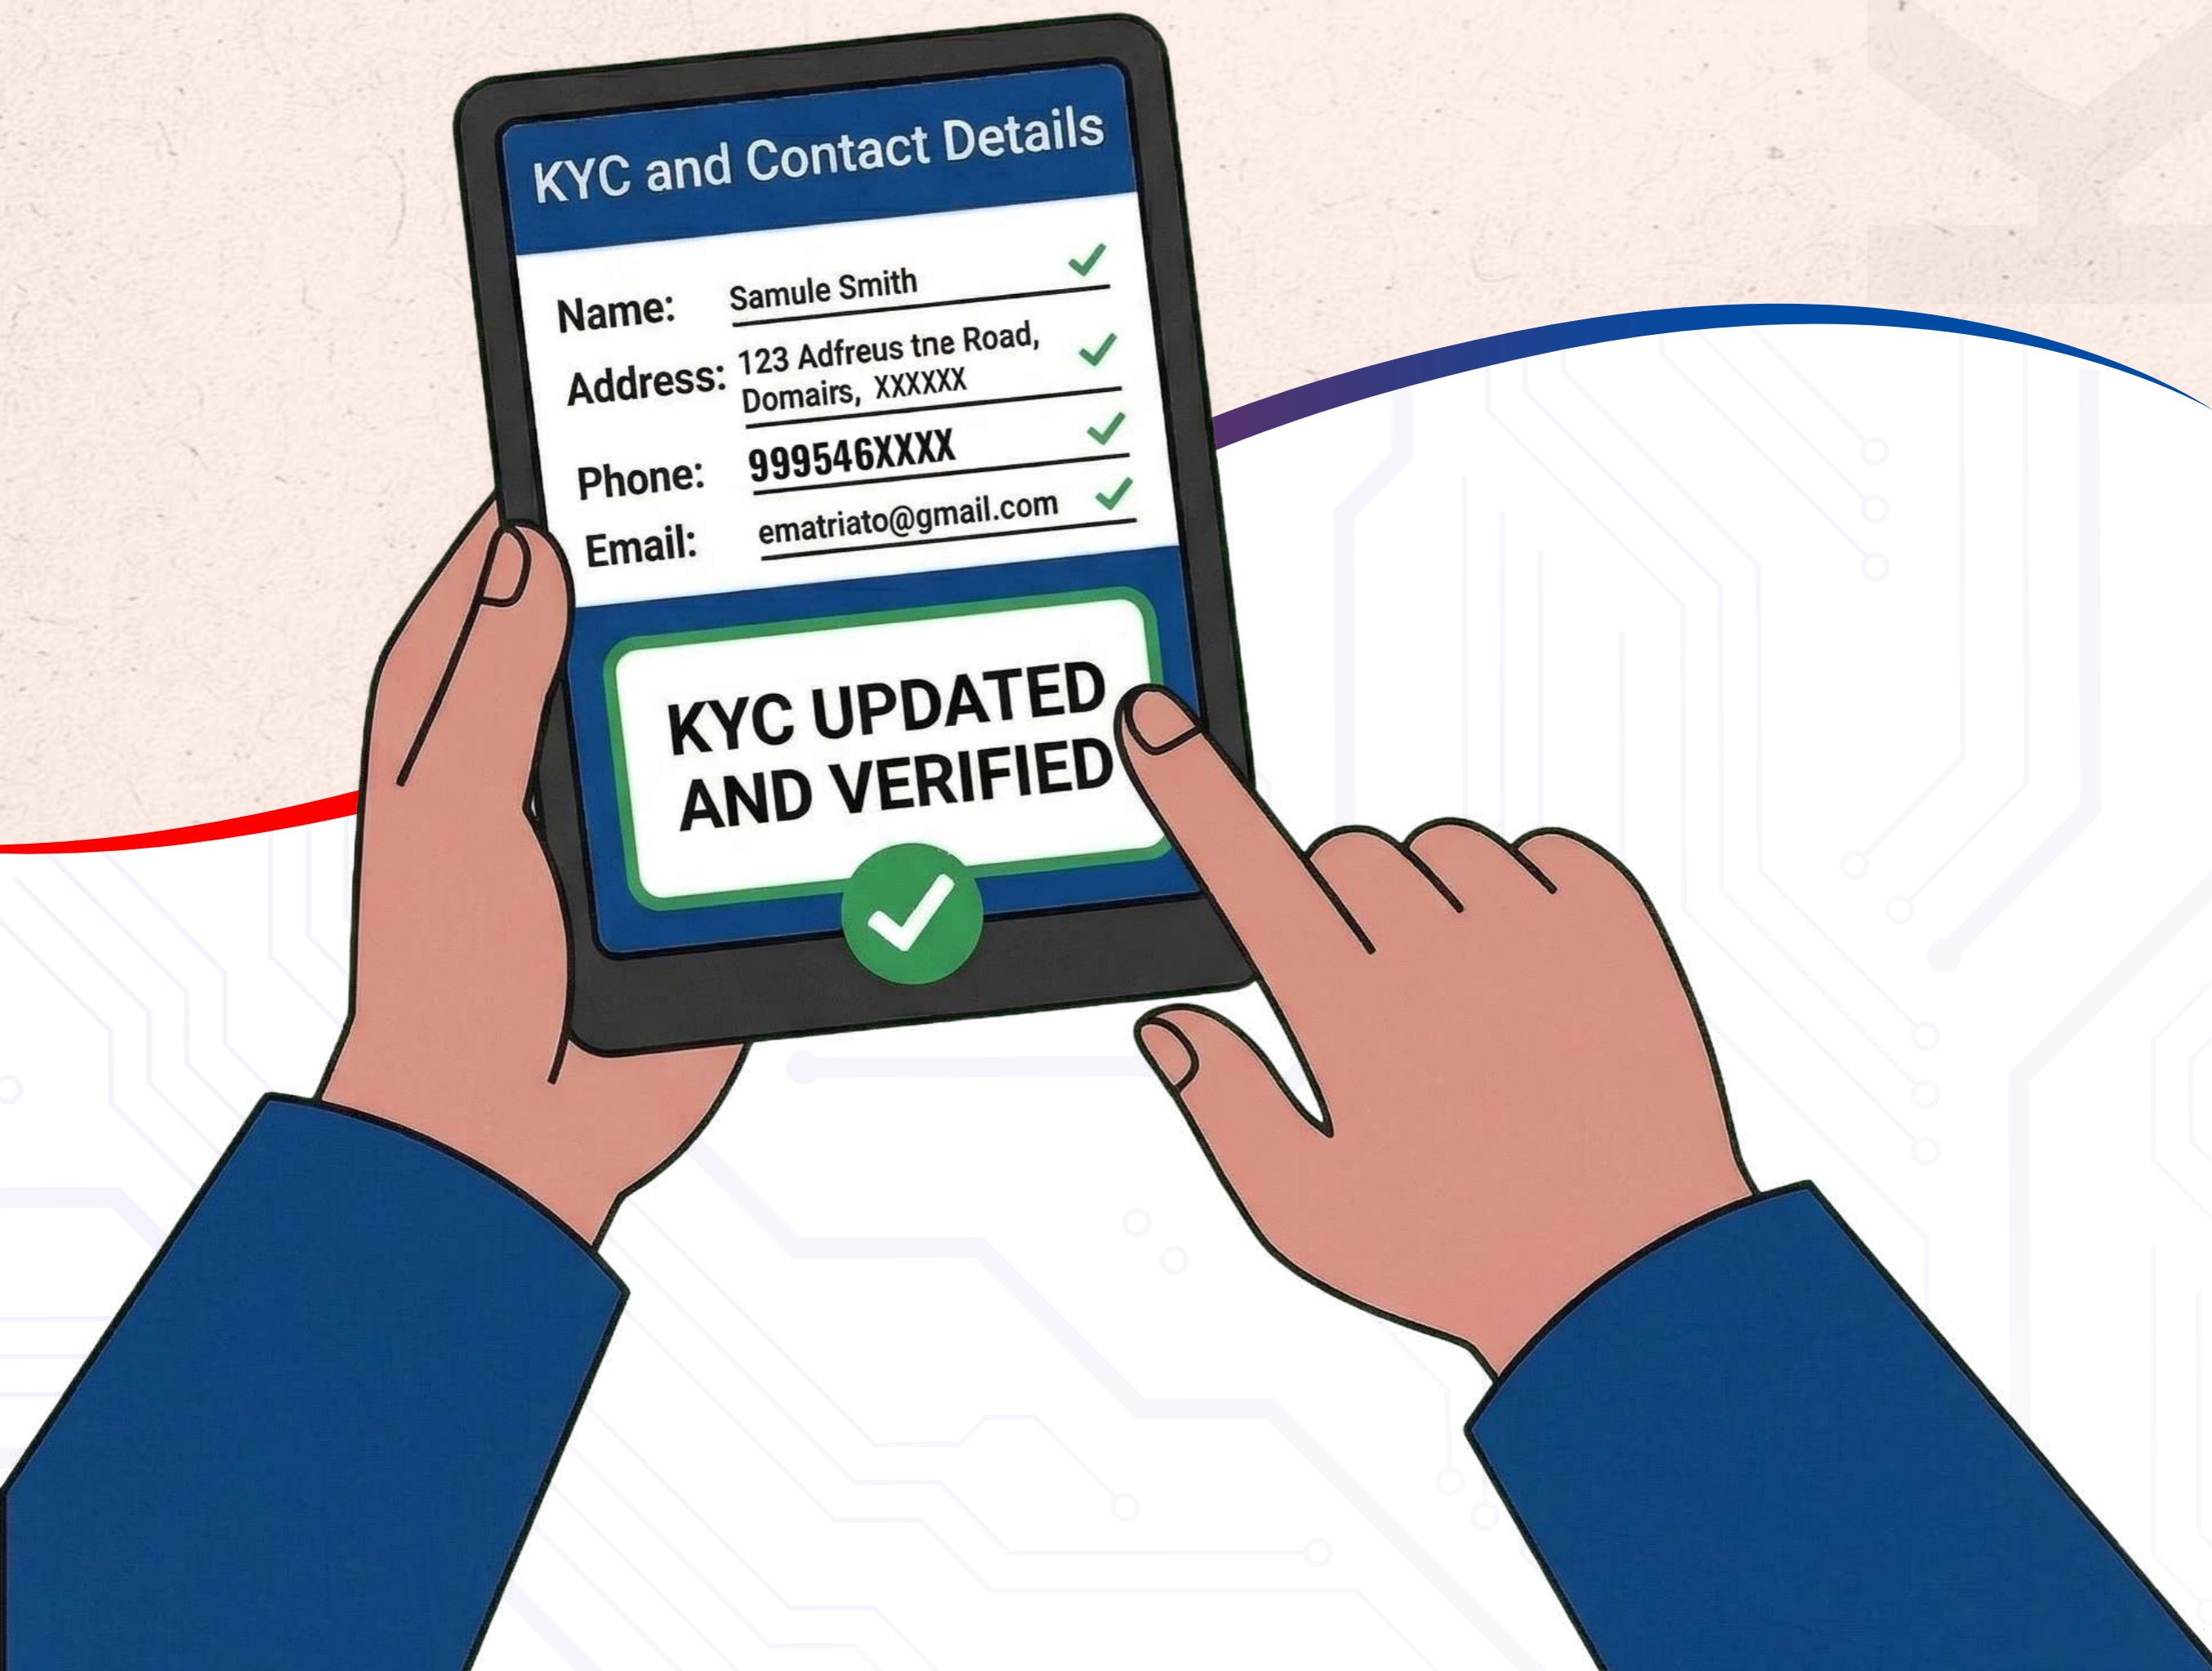

Don't let your account
attract scammer attention.

**Keeping your KYC updated is your
best defense against cyber-attacks.**

Is your **KYC** out of date?

Whether you've moved recently or got a new mobile number, **it is important to update your contact details regularly.**

Don't fall for **fake threats!**

Official organisations never call to "update your KYC" by asking for an OTP.
Only use the official website/app or visit the nearest branch for updating KYC.
