Note: Across this report, the word 'Chola' refers to 'Cholamandalam Investment and Finance Company Limited.' Forward-looking statement In this Annual Report we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed

In this Annual Report we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements – written and oral – that we periodically make, may contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance.

We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievement of results is subject to risks, uncertainties and inaccurate assumptions. Should known or unknown risks or uncertainties materialise or should underlying assumptions prove inaccurate, our actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind.

We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

We believe the future is about being smarter and innovative. The world is transforming at a rapid pace with extraordinary innovations designed to make things easier and life simpler. Everybody expects to stay connected - families, friends, organizations, employees, customers, etc. Social communities are beginning to evolve digitally and are slowly replacing traditional modes of contact. As we talk more with our customers, it is evident that customers' behavioural patterns are changing. We have a mix of customers who want to do things by themselves and others who prefer personalised interactions

As a step towards being future ready, Chola is anticipating the needs of its customers and is keeping digital transformation at the forefront of all developments. Beyond the obvious challenges of the future, there is always a mystery of the unknown. Not all technological advancements can be predicted but we can explore key factors of change and their implications for both customers and us.

Chola is committed towards ensuring that when change happens, our customers are equipped to face the challenges and have the necessary tools in place.

In the future we see an increase in digital self-service tools towards which we already have apps in place for a variety of services, and customers have started experiencing the benefits. At the same time we are expanding our network across the nation. While apps and machines will be used to benefit the customers and create empowered users, face-to-face interactions will continue where personalised service matters most. The choice however will lie with the customer, and we will be ready with the options.

Preparing our customers for the future

Future Ready

Driven by a strong sense of purpose

Believe in India

Our beliefs are the heart of our passion, the genes of our genius. We believe India is rising and it will continue to rise. Because, the wisdom of our ancient civilization is now being powered by the aspirations of one of the world's youngest populations.

Message from the Managing Director

The country is also moving towards complete technological inclusion.
This demands an environment in which the transition to digital initiatives empowers our customers to be future ready

Dear Shareholders,

FY 17 has been a year of structural policy changes and financial reforms. Even though these reforms and changes were perceived as hurdles by some sections, India has managed to overcome them with optimism. The country is also moving towards complete technological inclusion. This demands an environment in which the transition to digital initiatives empowers our customers to be future ready, which, at Chola, has been the prime focus in 2016 – 17.

I am happy to inform you that despite the mid-year temporary slowdown in demand due to demonetization, we have managed to perform well in FY 17. The Profit After Tax (PAT) for the year is ₹719 cr, a growth of 26% over the last financial year. Our total assets grew by 15% and disbursements grew by 13% over FY 16. Total Asset Under Management (AUM) for the year are ₹36,984 cr. Net Income Margin (NIM) is at 8.6% for the year driven by reduction in cost of funds & increase in fee and other income. We also introduced GNPA

recognition at 90 days which is ahead of one year as per RBI regulation. On the branch expansion front, 169 new branches have been opened across the country in FY 17.

The vehicle finance business disbursed ₹14,471 cr during the year, a growth of 17%. The Profit Before Tax (PBT) grew 23% to ₹682 cr. Despite the temporary slowdown during demonetisation in Q3 FY17, the Vehicle Finance (VF) business has posted a healthy growth trajectory. New initiatives like Third party logistics & Trip loans, Dealer Plus for Used business and Vishesh Cards have been the focus in FY 17.

Home Equity disbursement for the year was ₹3,056 cr and AUM stood at ₹9593 cr. The year started with a positive note with a healthy disbursement growth which was in line with CRISIL research estimated market growth of 21-23% for FY17. However, this growth was impacted in the second half due to demonitization & lower economic activity. The business continued to expand its footprint by adding 14 more branches to bring the total to 123.

The Home Loans business has been growing at a steady pace and disbursed ₹325 cr, which is a growth of 86% over FY 16. The business now operates out of 90 branches, 45 branches added during this year. With the Government extending the Credit Linked Subsidy scheme under the Housing for All (Pradhan Mantri Awas Yojana) and addition of the middle income category to the economically weaker section (EWS) and lower income group (LIG), we expect this business to witness a growth spurt. The Corporate Finance division rallied behind MSME loans & ended the year with an AUM of ₹379 cr.

Rural financing, which was launched in FY 15 to service the financial needs of the farming community, disbursed ₹73 cr in FY 17. The prime focus of this division is to fund procurement for farming inputs.

Our subsidiaries, Cholamandalam Distribution Services Limited (CDSL), Cholamandalam Securities Limited (CSEC) and White Data Systems India Private Limited (WDSI) together made a PBT of ₹6.86 Cr in FY 17 as against ₹8.23 Cr in FY 16.

Several initiatives in the Vehicle Finance business aim at increasing the market share for our core products CV & Used Vehicles and also Car, MUV, TW, 3W, Tractor & CE. Effort remains on increasing fee, insurance and other income and maintaining branch level profitability and use of technology to increase efficiency & productivity. The Home Loan, Home Equity & SME business will focus on sourcing through new digital initiatives while maintaining a strong intermediary/broken engagement. We shall continue to invest in training & development of talent from within the organization.

ICRA has revised its outlook from AA/stable to AA/positive on our long-term debt instruments. Brickwork ratings assigned BWR AA+ (Stable) rating for the proposed NCD issuance of the Company.

I would like to thank all our stakeholders for their continued faith & support. Chola continues to focus on empowering customers to be future ready through innovation and building bridges that make business easy and profitable for all stakeholders.

Do share your ideas and feedback with me -vellayan@chola.murugappa.com - and join us to be ready to take on the future!

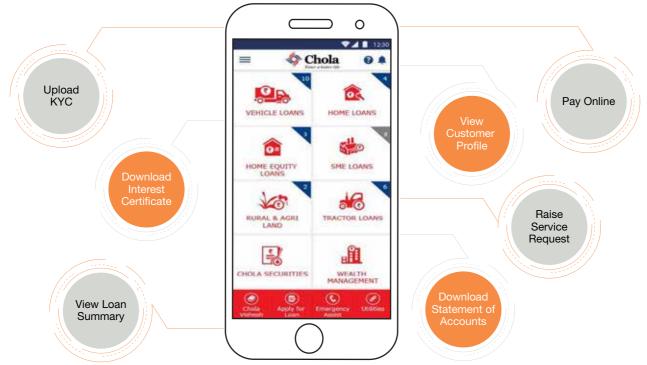

Best Wishes, **Vellayan Subbiah**

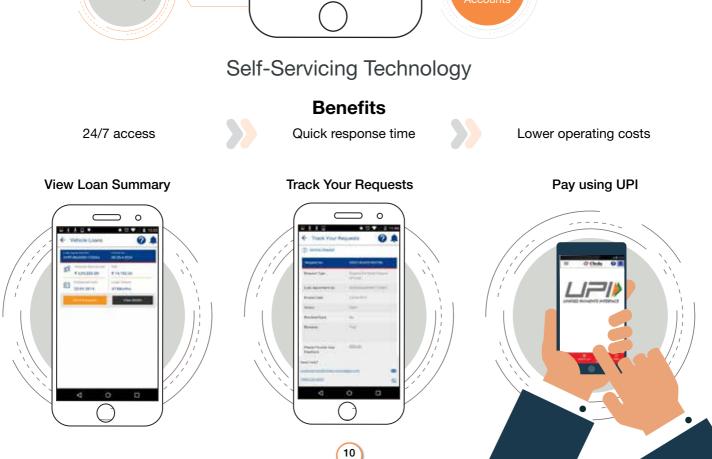

New Initiatives

Chola App

The Chola App helps the customer to self-service and equip them to make a transition into the digital sphere seamlessly. The App simplifies process, makes communication faster, and completely changes the way customers transact with us, transforming their overall experience with our products and services.

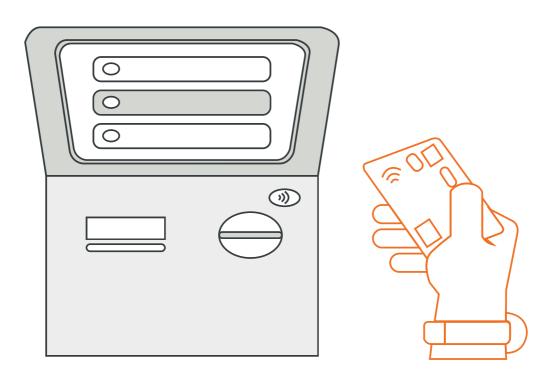

Chola App is available on playstore for customers to download. From choosing a loan to paying EMIs, it can all be done through the App. The PAY NOW feature enables customers to use the debit card option, Net Banking & UPI.

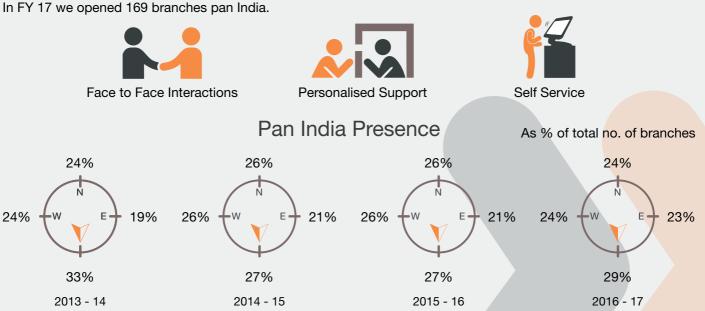

Payment Kiosk at Branches

Chola offers self-service payment kiosks at various branches across the country. Customers can avoid the queue at banks/Chola tellers and deposit cash at their convenience.

Value Add Through Branch Expansion

While we are expanding our digital reach through technology based initiatives, we are also focussed on expanding our physical reach in order to serve customers in small towns and semi-urban areas. We continue to offer our customers the flexibility to walk-in to their nearest branch and avail any kind of financial product or service.

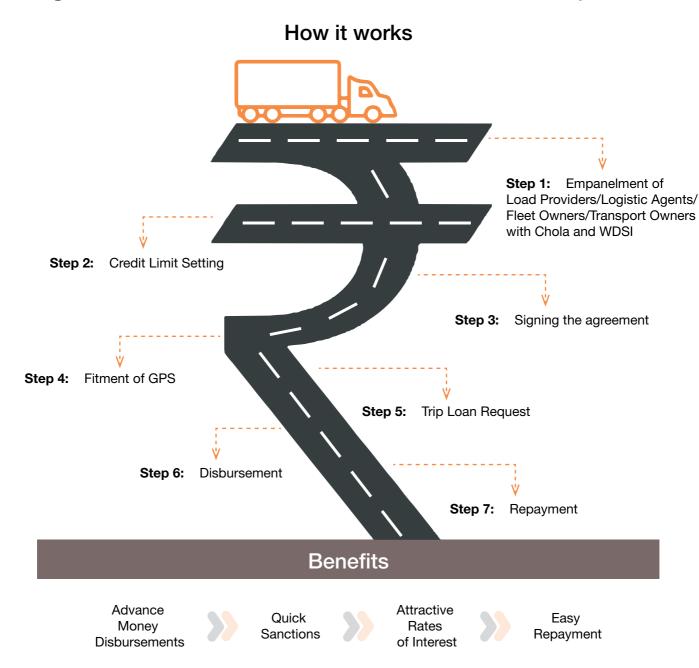

Trip Loans

The transportation business faces its own challenges. Chola is committed to address some of them through a technology platform i-Loads that assists in providing return loads, thereby improving trip efficiency and maximizing revenues for the customers.

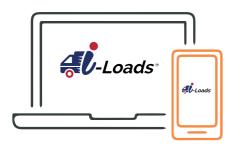

Given the tremendous working capital requirement that a majority of our customers face, Chola has launched yet another financial product called Trip Loans. These loans will address all the financial requirements that truck drivers will face on their trip journeys which include fuel, servicing, toll fee, etc.

The primary borrower of Trip Loans is the transport owner. Transport owners range from large fleet operators to single truck owners. They are either directly associated with load providers or indirectly through fleet owners/intermediate load providers and brokers.

Integrated solutions drive seamless customer experience

i-Loads - Chola Third Party Logistics Technology - Solving the empty truck dilemma

Chola, with its subsidiary, White Data Systems India Private Limited (WDSI) introduces i-Loads, an integrated technology solution for all truck owners.

For every truck that returns empty after a delivery there is a financial impact and an environmental cost. i-Loads is committed to help truckers and transport owners find return loads for their trips to help them save time, resources and money. In the long run the number of empty vehicles plying on Indian roads will drastically reduce and so will the carbon print on the planet.

i-Loads digital platform is exceptionally well-designed, streamlined, and easy to manage. It connects load providers directly with the truckers and transport owners. This helps to build a larger network that will drive efficiency and profits. This means more loads, profitable trips and sustained growth of business for the customers.

Benefits to the i-Loads Transporter

Dealer Plus

We are in the process of developing a robust dealer management system which will be used by all Chola empanelled used car dealers. This system helps them to get organized in their business by saving lot of time and resource. Dealer Plus will throw insight on dealers' transactions and network, which will help us in identifying the right dealers for inventory funding. We are getting into an agreement with car portals to fund their used car dealers. This will help in faster penetration and maintaning a healthy portfolio.

Leap - Tablet Initiative

The tablet initiative, which is intended to turn each of our collections and sales executives into a virtual branch, has been rolled out in branches and further enhancements have started which will get implemented in FY 18. It encompasses other initiatives such as risk-based pricing, credit scoring models, e-KYC, integration with Chola MS for Insurance products, multiple credit bureau hits for credit assessment. This will help in a seamless loan delivery to our customers, and ease out routines for the workforce in order to be more productive.

Chola Vishesh - Pre-Paid Loyalty Card

The future of loyalty programs is promising. Data shows that it will impact customer behavioural patterns. At Chola we believe that by fusing data into all our customer interactions, we can improve engagement, retention and lay the base for product innovation.

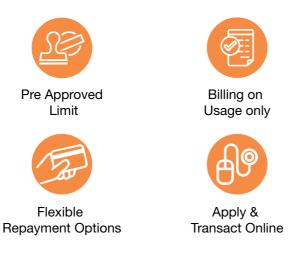

Chola is enabling data to steer its customer loyalty program in the right direction. Action will take place based on insights; success will be measured and monitored through customer lifetime value, loyal customer rate, and redemption rate.

Our loyalty programs stewards an emotional connection with our customers and demonstrate that we truly value them. We want our customers to perceive and have faith that Chola will be part of their journey into the future.

Data Driven Loyalty Programs

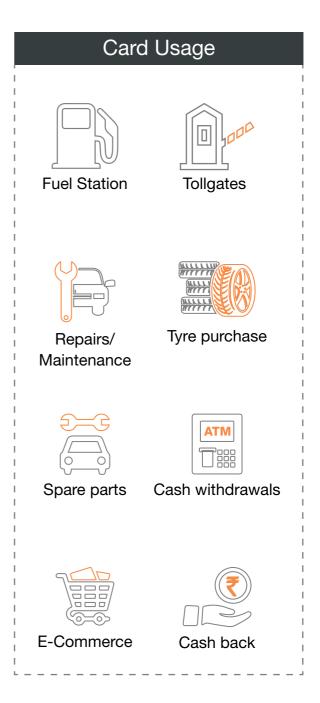

Vishesh, Chola's Pre-Paid Loyalty Card, envisages offering a revolving credit limit to customers based on vehicle as collateral which customers can avail to meet their working capital needs or to meet any business exigency requirements. This program will help Chola to retain their existing customer base, enhance customer experience and eventually help Chola to augment the growth of loan book.

Reward Points, Offers & Discounts!

Gaadi Bazaar

We are living in a mobile driven world. Customers want to readily access information from a mobile. Customers' expectations are changing and technology is accelerating the behavioural change.

At Chola, we are also doing our part to achieve Digital Parity and take our customers along with us into the future. From brick-and-mortar solutions, we are shifting into the mobile realm.

We have migrated from the physical world of handing out leaflets, printing advertisements, putting up outdoor banners and calling up customers to participate in auction. We have shifted from the traditional way of doing sales to the online market place. We have launched an App that could replace all that we do traditionally. We are on a drive to simplify our customers lives.

Key Contributions

- Launch of Payment Kiosks at branches enabling customers and our executives to deposit the collections
- Cheque printing at branches for faster disbursal
- Use of kano methodology to understand the latent needs of our used car dealers and developed an app for them to transact
- QR based tracking for the files storage

Future Ready Human Resources Managing expectations through technology

The focus was more on partnering with the key business by adopting a collaborative approach. The learning initiatives deployed during the year were aimed at improving profitability and building people capabilities to adapt to the changing trends in the industry.

Alternate Sourcing Channel Development

Alternate Sourcing Channel Development was deployed as a pilot project to address the challenge of sourcing trained Sales Field Executives (SFEs) in far off locations. In the east zone, Chola has entered into an arrangement with NSD (National Skill Dev Authority- Gov of India Project) for engaging fresh graduates and deploying necessary training as (SFEs) for Chola. In the south and west zone a similar training was deployed to candidates through ICICI Skills academy. This model ensured that manpower was readily available as per business requirements.

Employee Value Stream Mapping

As part of the HR lean management initiative, a value stream mapping was introduced for key HR processes. The team studied the current state and mapped the future state (FSM) for the following process:

- On-boarding
- Employee transfer
- Employee separation

The future state map of these process has been implemented and reviewed on regular basis for enhanced employee experience.

Blending Business with Goodwill

With its strong belief that social responsibility should be carried out as a blended activity along with business and not just as a mere obligation, the company tries its best to involve itself in nation building through dedicated efforts of educating and empowering people, especially the disadvantaged.

Chola's CSR Policy is inspired by the belief in truly helping the community by empowering people, educating them, improving their quality of life in a holistic manner. Hence, it endeavors to protect the interest of the disadvantaged sections of society by supporting and engaging in activities that aim at improving their well-being so that they can "Enter a Better Life".

Approach

Chola, endeavours to protect the interest of the community by making a measurable difference and positively impacting their lives by supporting several causes like,

1. Access to quality education - Chola supports schools in urban as well as rural geographies with a focus on extending better education imparting for the rural students, by providing scholarships, non-formal education programmes and infrastructure like purposeful laboratories & toilet facilities and also to encourage the rural sports.

- 2. Healthcare Creating an impact on the health behavior of the community in Chhattisgarh, Delhi, Maharashtra, Odisha, Tamil Nadu and Telangana states, through awareness programmes, health check-ups, providing medicines & treatment, pre-natal & post-natal healthcare facilities, prevention of female foeticide by creating better awareness, programmes for preventing diseases and building immunity
- 3. WASH (Water, Sanitation and Hygiene) While addressing this component of Swachh Bharat Mission, Chola focuses on a set of social priorities and outcomes of ensuring the availability, storage and distribution of water and thus prevention / minimizing fluoride intake, designing and construction of toilets for specific target groups (eg. transport nagars, impoverished communities) and creating systems of disposal and treatment for solid and liquid waste, in the states of Chhattisgarh and Telangana.
- **4. Environmental Sustainability -** Chola supports training programmes for conserving wildlife endangered by extinction.

- **5. Rural Development –** Chola adopts villages and extends interventions such as purified drinking water facilities, individual toilets, water facilities and toilets in schools etc. focusing on the upliftment of rural population.
- **6. Promoting Arts, Culture and Heritage –** Chola supports promoting traditional arts, culture, drama and miming as also heritage by exhibitions, shows etc.
- **7. Supporting Senior Citizens –** As a pilot effort, Chola helps Senior Citizens by supporting an Old Age Home.
- 8. Holistic Development of Marginalized Communities of the Transport Sector Ensuring holistic development Economy, Health and Safety of the trucking community (truck drivers, helpers and their family dependents), who are key partners in the nation's supply chain, by creating a data base of the needs of these marginalized sector and intervening in an apt manner.

The programme would involve activities such as:

- Health and Eye camps yielding data of the crew members and families
- Advocacy on Health and Safety while waiting at the camps and / or in a dedicated manner
- Assimilation of data Identifying clusters of families
- Targeting the families for alternative vocational skills, linking for alternate livelihoods
- Supporting children's education

All the activities leading to a holistic development of the truck crews and their families are being implemented in the Union Territory of Delhi and States of Assam, Odisha, Uttar Pradesh, Tamil Nadu and Telangana.

Balance carried forward	450.85	247.95
TOTAL	966.69	755.07

^{*} Provision for final dividend for FY 17 is not included in current year as per Revised Accounting Standard-4.

SHARE CAPITAL

The paid up equity share capital of the company as at 31 March, 2017 is ₹ 156.28 crores including the increase during the year by ₹ 0.13 crores, consequent to allotment of shares upon exercise of stock options by employees under the company's employee stock option scheme 2007 (ESOP 2007).

OPERATIONS

During the year, your company achieved a 27% growth in profit before tax (PBT) and 15% growth in total assets under management. Though FY 17 was a turbulent year with macro-economic factors impacting the businesses, a growth of 13% in disbursements was achieved as compared to FY 16.

The note-ban impacted the business in the second half of the year marking sluggish growth in disbursement when compared to first half. Though collections were also impacted for a short period, quick actions to mitigate the same was put in place, by introducing non-cash modes of collection at all locations.

Vehicle finance (VF) business recorded a disbursement growth of 17% buoyed by the recovery signals in the commercial vehicles (CV) market. Disbursements in VF for the year were at ₹ 14,471 crores as against ₹ 12,383 crores in the previous year.

The business recorded a growth of 18% in closing managed assets and a PBT growth of 23%. VF business was able to achieve improved collection behavior compared to previous year in spite of setbacks arising due to demonetisation related issues.

Home equity (HE) business recorded a disbursement of ₹ 3,056 crores as against ₹ 3,476 crores in the previous year. The drop is primarily attributable to low credit appetite of the small and medium enterprises (SME) customers, in the wake of demonetisation. Closing managed assets of HE grew by 8%. HE business continued to register higher levels of non-performing assets (NPA), compounded due to note-ban adversely affecting the SME segment.

Disbursements in home loans (HL) were at ₹ 325 crores as against ₹ 175 crores in the previous year and micro, small and medium enterprise (MSME) were at ₹ 666 crores as against ₹ 325 crores in the previous year. The rural agri financing business disbursed ₹ 73 crores as against ₹ 21 crores during the previous year.

The business assets under management (net of provisions) of the company as at 31 March, 2017 increased to ₹ 34,167 crores from ₹ 29,650 crores in the previous year, recording a growth of 15%.

As in the last few years, your company has early adopted the revised asset classification norms by recognising NPAs at 3 months overdue, one year ahead of the mandatory requirement, as laid down by RBI.

The PBT for the year was at ₹ 1,105.58 crores as against ₹ 870.77 crores in the previous year, recording a growth of 27%.

Profit after tax grew by 26% and was at ₹ 718.74 crores for the year as compared to ₹ 568.45 crores in the previous year.

DIVIDEND

Dividend distribution policy

The company has formulated a dividend distribution policy in compliance with regulation 43A of SEBI (Listing Obligation and Disclosure Requirement) Regulations, 2015 (Listing Regulations), copy of which is available on the website of the company (weblink: http://www.cholamandalam.com/files/media/Cholamandalam-Dividend-Distribution-policy.pdf).

Payment of dividend

The company paid an interim dividend on the equity shares at the rate of 35% (₹ 3.50 per equity share) as approved by the board on 25 January, 2017 for the year ended 31 March, 2017.

Your directors are pleased to recommend a final dividend of 20% (₹ 2 per equity share) on the equity shares of the company. With this, the total dividend will be 55% (₹ 5.50 per equity share) for the year ended 31 March, 2017.

TRANSFER TO RESERVES

Your company has transferred a sum of ₹ 150 crores to statutory reserve as required under the Reserve Bank of India Act, 1934 and ₹ 300 crores to general reserves.

OUTLOOK

The company continues to focus and grow its two main business lines - VF and HE, while nurturing the new businesses such as HL, MSME loans, and rural agri loans for future growth.

The company has added trip loans and Chola Vishesh as new product extensions under VF, catering to the funding requirements of the VF eco-system. Trip loan is targeted at the trucking community by extending short-term credit for the freight/transportation process, and is aimed at moving this lending product from the unorganized segment to the organised segment. This will help the truckers get comparatively lower cost credit in a transparent process and thereby improving their profitability. Chola Vishesh is extended to existing credit tested customers, a pre-approved loan leveraging technology.

FIXED DEPOSITS

The company is a Systemically Important Non-Deposit Accepting Non-Banking Finance Company (NBFC-ND-SI). It ceased taking deposits from the public effective 1 November, 2006. At the time of conversion, the outstanding unmatured deposits were transferred to an escrow account together with the future interest payable thereon till the date of maturity and were repaid on maturity. Accordingly, there have been no fresh deposits accepted during FY 17.

As at 31 March, 2017, there were no deposits matured but had not been claimed (along with interest accrued). During the year, the company remitted a sum of ₹ 1.89 lakhs to IEPF under this head representing unclaimed public deposits and interest thereon beyond seven years.

ASSET FINANCE COMPANY

During the year, the company continued being categorised as an Asset Finance Company (AFC) under the RBI Regulations.

The Members,

CHOLAMANDALAM INVESTMENT AND FINANCE COMPANY LIMITED

"Dare House", No.2, N.S.C. Bose Road, Parrys, Chennai - 600001

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **CHOLAMANDALAM INVESTMENT AND FINANCE COMPANY LIMITED** [Corporate Identity Number: L65993TN1978PLC007576] (hereinafter called "the company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conduct/statutory compliances and expressing our opinion thereon.

Based on our verification of the company's books, papers, minute books, forms and returns filed and other records maintained and also the information provided by the company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31 March, 2017 complied with the statutory provisions listed hereunder and also that the company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the company for the financial year ended on 31 March, 2017 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under and the Companies Act, 1956 to the extent applicable;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under:
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (iv) The Company has not dealt with the matters relating to Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings under FEMA and hence, the requirement of complying with the provisions

of Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder does not arise;

- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-

Annexure-III CSR Report

Annual Report on Corporate Social Responsibility (CSR) Activities

 A brief outline of the company's CSR policy, including overview of projects or programs proposed to be undertaken and a reference to the web link to the CSR policy and projects or programs:

The company's CSR Policy is inspired by the belief in helping its stakeholders "enter a better life". While pursuing the business strategy of introducing products that give consumers a belief and faith in a better life, company operates in a manner that not just continues to generate an attractive return for its stakeholders, but also minimizes the impact on the environment.

A CSR framework has been formulated that identifies, involves, influences and impacts its key stakeholders in ensuring holistic development of the trucking community, focussing on Swachha Bharat Mission, promoting health care facilities, enabling education and vocational training for the customers, supply chain partners, employees and the community we live in.

Company's Strategic Directions

The key focus areas where development programmes have been initiated are:

- (i) Holistic development of trucking community— Ensuring holistic development of the trucking community (truck owners, drivers and their dependents), who not only are company's customer segment but who also are key partners in its supply chain, through innovative programmes.
- (ii) WASH (Water, Sanitation and Hygiene)-While addressing this component of Swachha Bharat Mission, company's focuses on a set of social priorities and outcomes of ensuring the availability, storage and distribution of water, the designing and construction of

toilets for specific target groups (eg. transport nagars, impoverished communities) and creating systems of disposal and treatment for solid and liquid waste. Stakeholders include groups directly or indirectly affected by WASH. They include communities that require sanitation services, at schools, at villages and transport nagars.

- (iii) Health Care Facilities Creating an impact on the health behavior of the stakeholders through awareness programmes, health check-ups, provision of medicine & treatment facilities, providing per-natal & post-natal healthcare facilities, prevention of female foeticide through awareness creation, program for preventing diseases and building immunity.
- (iv) **Education** Promoting of education especially among children through non-formal education programmes.

With its strong belief that social responsibility should be carried out as a blended activity along with business and not just as a mere obligation, the company tries its best to involve itself in nation building through dedicated efforts of educating and empowering people, especially the disadvantaged.

Management Discussion and Analysis

The company has travelled another year, in pursuit of excellence for all its stakeholders. In spite of a turbulent year with low growth rates and stiff competition from banks, the performance of the company continued to be encouraging on all fronts. It has geared itself to face new challenges, and capitalise on new opportunities. This discussion aims to review the environment and our actions to continue the refined aggression in our growth ambitions going forward.

MACROECONOMIC OVERVIEW:

Global economic growth slowed down to 2.3%, as global trade got stagnated, weak investment and policy uncertainty increased. A moderate recovery is expected in FY 18, with global growth forecast to increase to 2.7%*. This is driven primarily by improvement in emerging market and developing economies (EMDE). With the expected increased commodity prices, commodity exporters' growth is expected to pick up in EMDE. Fiscal stimulus in major economies may boost global growth above expectations.

Despite global uncertainties, India's growth in first half of FY 17, was driven by robust public and private consumption. Consumption was supported by lower energy costs, public sector salary and favourable monsoon rains. Economic activity also benefited from a pick-up in FDI and increase in public infrastructure spending.

Coming to non-banking finance company (NBFC) industry, India Ratings and Research (Ind-Ra) has maintained a stable outlook on the NBFC sector and on the major NBFCs rated by it for FY 18. The sector is expected to continue expanding the assets classes and take higher market share at the cost of mid-sized banks.

The agency predicted large NBFCs to grow 16% year-on-year (YoY) in FY 17 and 21% YoY in FY 18, which on the system-wide basis would be close to one third of the total system's incremental credit.

Both the regulator and government have been maintaining a favourable stance towards the NBFC sector; starting with the latest announcement where SME loans up to ₹ 2 crores by NBFCs will be covered under the credit guarantee fund trust for micro and small enterprises and the government notification, covering systemically important NBFCs under *Source: World Bank Report - June 2017

the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (SARFAESI Act). These measures would strengthen the NBFCs' ability to lend and mitigate loss given default while speeding up recovery timelines.

With the company's major funding stake in the auto sector, the outlook remains positive. The growth in the sector is estimated around 6%-9% primarily driven by the volume increase in passenger vehicles and light commercial vehicles amidst expected de-growth in medium and heavy commercial vehicles (MHCVs) due to slowdown in the industrial activity. While the auto growth numbers are reported in unit terms, there is a higher growth achievement in value terms due to inflation, advent of new technology resulting in higher cost, and more importantly a continuous shift from lower tonnage to higher tonnage across product categories. This augurs well for NBFCs whose asset size is dependent on the value of the asset funded. The Company dynamically monitors critical parameters, to keep ahead of the curve.

INDUSTRY GROWTH PROSPECTS AUTO INDUSTRY

The growth trajectory of auto industry is expected to be robust in the coming years due to improvement in infrastructure, mining and agriculture activities. The construction of new highways and expansion of existing roads will increase the requirements of cement, steel, road building materials, tippers and construction equipment etc., which will improve demand of vehicles across product categories. Agricultural growth and increase in rural household income through various developmental activities will improve rural demand for FMCG and white goods, which in turn will benefit the transport sector as they are the prime movers for such commodities. LCV sales is expected to rebound with better private final consumption expenditure (PFCE). Over the long-term, the fortunes of Indian commercial vehicle manufacturers appear buoyant with the sales of all three major segments (MHCV, LCV and Buses) projected to grow at a healthy pace. The car and MUV segment is also poised to grow due to better reach & branch network in the country. The demographic profile of our country and the increasing nucleus family model will increase demand for cars over the next few years.

During FY 17, the domestic CV industry sales registered a growth of 3.3% in volumes in comparison to a growth of 11.5% in FY 16 owing to dwindling replacement demand by large-fleet operators (LFOs), and slow growth in industrial output. The green shoots of recovery in the Indian commercial vehicle sector were seen towards the end of the year where all major CV manufacturers have registered buoyant sales in the last two months of FY 17. Some segments like tippers and buses have posted rapid growth albeit sales growth is yet to expand across sub-segments.

Domestic commercial vehicle industry is poised to grow between 3%-4% in FY 18. MHCV sales growth is expected to decline in FY 18, owing to dwindling replacement demand and advancement of purchases in the latter half of FY 17 to avoid price rise on account of BS-IV implementation. There is also uncertainty regarding the logistics scenario post GST, which is likely to lead to postponement of purchases. Growth in the bus segment is expected to be 7%-9% in FY 18 largely due to pick up in the school and staff segments. LCV sales growth is likely to hover between 5%-7% in FY 18, because of high redistribution freight and expected boost in private spending from low interest rates and lower inflation.

The passenger vehicles and utility segment is likely to grow at 7%-9% in FY 18 aided by lower penetration, better economic growth. Income growth and the lower cost of capital primarily drive passenger vehicles demand. The cost of ownership is expected to remain subdued with no estimated sharp rise in crude oil prices. Additionally, implementation of GST is expected to impact vehicle prices.

HOME EQUITY

For home equity business, the year started with a very positive note with a healthy disbursement growth. This was in line with CRISIL research estimated market growth of 21%-23% for FY 17 which was then revised downwards, in Q3, to 14%-16% for FY 17 due to muted economic activity and the demonetization impact. As per CRISIL research, the total assets under management (AUM) for home equity loans for NBFCs is estimated to be ₹ 1,07,200 crores at end of FY 17.

Despite the slowdown in the growth rate, loan against property (LAP) continues to be a focus area of expansion for new players in the industry. It still continues to be seen as secured lending product that offers better returns in the long run. Industry players witnessed new-comers entering the home equity business or existing housing finance companies (HFCs) expanding their mortgage book AUM to compensate for the

drop in the home loans. Aggressive lending practice due to increased competition resulted in dropping of the lending rates.

It is expected that as the economic activity improves in the country, driven by government initiatives, the home equity market is set to return to much healthier levels.

Key growth drivers for the home equity business are:

- Increased requirement of funds by self-employed nonprofessionals to support their business growth and to tap bigger opportunities;
- b. Promotion and increased awareness of the product;
- Preferred product as compared to personal loans, as home equity attracts lower interest rates;
- Business turnover declaration is expected to improve and this would increase the need for working capital and business loans and
- e. Low levels of mortgage penetration in India.

HOME LOANS

ICRA estimates that the mortgage (including housing finance) portfolio of NBFCs stood at ₹ 99,300 crores as on 30 June, 2016, registering a 29% YoY growth.

The affordable housing segment has grown at a faster pace than the overall industry growth for HFCs. As per ICRA's estimates, the total loan book of all the players in the affordable housing segment stood at ₹ 96,000 crores as on 31 March, 2016 indicating a growth of 28% during FY 16. Within this, the new players in the affordable housing finance space grew at a much faster pace of 82% during FY 16.

In ICRA's opinion, opportunities for growth are high for the segment, given the current low penetration levels as well as the government thrust on the affordable housing segment. However, competition in the segment could intensify further even as new HFCs, Small Finance Banks (SFBs) and Micro Finance Institutions (MFIs) look to enter this space.

ICRA's estimates indicate that the affordable housing finance market could grow to around ₹ 4-8 trillion over the next seven years provided the supply side constraints are addressed.

ICRA expects the new players in this segment to continue to grow by more than 50% over the medium term.

CRISIL has pegged the growth forecast of the housing credit will be in the range of 18%-20% CAGR till FY 20 and the business estimates that the affordable housing segment is expected to grow at much faster rate.

To spur further growth in the affordable housing segment, the Government of India has extended the Credit Linked Subsidy scheme under the Housing for All by 2022 (Pradhan Mantri Awas Yojana) to loans of value up to ₹ 12 lakhs (from the earlier limit of ₹ 6 lakhs) and also extended the eligibility to the middle income category apart from the economically weaker section (EWS) and lower income group (LIG) recognized earlier. This action is likely to expand the eligible borrower base for Credit Linked Subsidy Scheme and improve affordability of the borrowers owing to lower equated monthly installments (EMIs) and hence reduce their debt burden. While this could create a wider set of borrowers with access to formal credit channels leading to higher growth potential in the affordable housing segment, the extent of growth would hinge on the supply of such houses as well.

BUSINESS ANALYSIS

VEHICLE FINANCE

The vehicle finance (VF) business posted a disbursement growth of 17% and PBT growth of 23% in FY 17. The disbursements during the year were ₹ 14,471 crores against ₹ 12,383 crores in the previous year. The PBT during the year was ₹ 686 crores against ₹ 555 crores in the previous year. The division continued its focus on strengthening its business operations and improving asset quality which helped in reduction of its Gross Non-Performing Assets (GNPA) from 3.7% to 2.9% (4 months overdue). During the year, the division started considering GNPA at 3 months overdue levels. The net credit losses (NCL) to average assets has come down to 1.4% from 1.6 % when compared to the previous year. The VF division will continue to remain optimistic and remain focused on maintaining a balance between growth and asset quality.

The new business Initiatives introduced during the year, such as Third party logistics & Trip loans, Dealer Plus for Used business and Vishesh Cards for retaining existing customers will also help in spurring business growth and income levels in FY 18 and beyond. The sharp focus on asset quality has helped in significant reduction of NCL and GNPA. The business will continue to have product-wise focus on collections to build a healthy portfolio.

The comprehensive organizational restructuring initiative carried out in FY 16, is now well embedded and the team is working cohesively to drive overall profitability through higher revenue generation and tighter control on net credit losses through better portfolio management.

Implementation of tablet based system for business origination with the help of online credit scoring, risk-based pricing and collection monitoring system has been successfully implemented across all branches. Other digital initiatives like Customer Facing App with customer service module (CSM), Pay Now feature and Gaadi Bazaar (Vehicle Auction platform) reflect our drive to capitalize technological advancements to support and sustain our growth ambitions.

In order to further increase our market presence from the current branch network of 698, the VF business will add more branches, spread across the country, which will primarily focus on acquiring new customers in the rural market, to provide better reach for our customers to enable repeat business and to improve proximity for better collection.

The VF business has won the Mahindra Transport Excellence Awards 2016 for "Commercial Vehicle Financier of the year" under the category "Alternate Thinking" second time in a row.

KEY STRATEGIC INITIATIVES TAKEN DURING THE YEAR

- Focused on enhancement of branch profitability by increasing revenue through desired product mix and by providing value added services to customers.
- Focused on improving portfolio quality by keeping track of infant delinquency through joint collection drive by sales, credit ops, collection and legal teams.
- Launch of new line of business through Third Party Logistics and Trip Loan business.
- Roll out of digital initiatives like Customer Facing App with Customer Service Module and Pay Now feature.
- Increased revenue through shortfall recovery and charges collection through a structured approach.
- Entered into preferred financier tie-ups with manufacturers and increased engagement with the used vehicle dealers to drive disbursements.

HOME EQUITY

Managed assets for the business grew by 8.48% during FY 17 and stood at ₹ 9,593 crores as against ₹ 8,851

crores during FY 16. This is despite a 12.1% drop in the disbursements during FY 17. The overall disbursements during FY 17 stood at ₹ 3,056 crores against ₹ 3,476 crores during FY 16, due to a sharp slowdown in the home equity (HE) market. The company continues to expand its reach in the HE business and has added 14 branches during the year, taking the total branch count to 123 at the end of FY 17.

The delinquency levels has increased which was largely due to depressed macroeconomic scenario in FY 17. With the extension of SARFAESI Act to NBFCs, (effective September 2016 onwards), the company has started to enforce the Act on delinquent customers for recovery of dues. The business expects to see better resolutions during FY 18. The company adopted early, the provisioning for 3 months overdue from this financial year which resulted in a GNPA of 5.77%.

Competition continues to intensify with more and more NBFCs and PSU banks moving towards this lucrative and fast growing business as they are facing growth constraints in credit off take across product lines. This has led to an aggressive pricing scenario amongst industry players in the segment. To stand out in such competitive environment, the company remains highly focused on building and maintaining a stable and long-term relationship with its customers and channel partners. The company has always been focusing on a faster turnaround time (TAT) leading to better customer service. With this focus, the business is confident of continued progress on its growth trajectory.

The business continues to focus on self-occupied residential properties as its preferred asset class - a safer asset class to lend against. Its target segment continues to be the self-employed, non-professional customers. The business has built deep expertise in understanding and assessing this customer segment.

The business operates out of 123 branches and will continue to expand geographically, reaching out to customers in the Tier 3 and Tier 4 cities which offers low risk and high return market potential.

HOME LOANS

The affordable home loans (HL) business was launched in FY 13 and has been growing at a steady rate. The business is at present operating from 90 branches in the states of Tamil Nadu, Karnataka, Andhra Pradesh, Gujarat, Rajasthan and Maharashtra. The business will continue to expand into newer markets during this year as well.

The customer base for this business is over 3,500 and the total AUM stands at ₹ 517.90 crores. The total disbursements, at ₹ 325 crores for FY 17, registered a healthy growth of 86% over the previous year which was at ₹ 174 crores. The AUM grew at 96% over the previous year.

The business witnessed a slight slowdown in the disbursements for home loans in the months following demonetisation. However the revival in the disbursement volumes has been much better towards the end of year primarily driven by geo-expansion.

The prime focus of the business is the self-employed non-professional customers seeking to buy / construct a new home.

CORPORATE FINANCE

Under corporate finance, the business offers short-term financing products such as bill discounting and working capital loans. AUM in this business stood at ₹ 379 crores as of March 2017 against ₹ 423 crores as of March 2016. The business will continue its increased focus on MSME loans in FY 17.

RURAL FINANCE

The Rural Finance product was carried out at 100 Mana Gromor centres during FY 17. Mana Gromor centres are the retail outlets operated by Coromandel International Ltd, where the company finances the agri input procurement needs of the farming community. The number of Mana Gromor centres is proposed to be increased to 200 during FY 18.

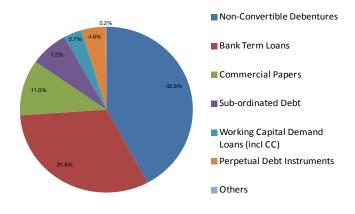

ASSET LIABILITY MANAGEMENT

During FY 17, the company maintained its strong asset liability management (ALM) position by optimizing the mix of borrowings between bank borrowings and market borrowings, while ensuring that the cost of funds is kept low. The company was successful in getting subscription for its Commercial Paper (CP) and Non-Convertible Debentures (NCDs) from banks apart from Mutual Funds (MF). The ALM position was also strengthened with long-term borrowings in the form of medium-term loans and medium/long-term NCDs which contributed ~75% of the incremental borrowings.

Sale of receivables by way of securitisation/bilateral assignments amounting to ₹ 4,741 crores helped in the matching of inflows and outflow, over the tenure of the loan book as well as reducing the borrowing costs.

RESOURCES & TREASURY

During the year, the company shifted the mix of borrowings towards market borrowings from bank funding to support the growth of its businesses at lower interest rates. This was done without compromising the right mix of long and short-term borrowings and thereby maintaining a healthy asset liability position. The borrowing profile as on 31 March, 2017, is given below:

BANK BORROWING

In FY 17, the company mobilised ₹ 4,159 crores of medium-term loans and ₹ 7 crores (net) as working capital and cash credit facilities from banks. The company was successful in getting support for its money market issuances from banks through subscription of CPs and NCDs. Also the company successfully negotiated Foreign Currency Term Loans (FCTLs) to the tune of ₹ 2,374 crores from banks on a fully hedged basis, targeted at lower borrowing costs as compared to Marginal Cost Based Lending Rates (MCLR) based borrowings.

MARKET BORROWING

During FY 17, the company raised ₹ 3,615 crores and repaid ₹ 3,676 crores of CPs. CP outstanding as at the end of the year was ₹ 2,665 crores. Medium and long-term secured NCDs to the tune of ₹ 7,143 crores (net) (previous year ₹ 2,216 crores) were mobilised at competitive rates. At the end of FY 17, outstanding NCD stood at ₹ 10,299 crores (previous year ₹ 4,847 crores). New investor profiles were added to ensure no undue concentration in any single/group of investors. The shift to higher NCD issuances was aimed at reducing the borrowing costs as compared to bank term loans.

MOVEMENT IN INTEREST COST

The company's interest cost as a percentage of average borrowings decreased from 9.7% in FY 16 to 9.1% in FY 17. Interest cost was monitored closely and by selecting the right mix of borrowings, kept under control.

Though the availability of bank loans to NBFCs remained robust, MCLR remained range bound till Q3 of FY 17. In Q4 of FY 17 a significant reduction of MCLR by banks, ranging from 50-148 bps was offered which helped lower borrowing costs further.

The money market rates also lowered effective Q2, after ICRA announced a positive outlook on the company's senior debt rating as compared to a stable outlook. A further relief on cost of borrowings was experienced in tandem with reduction in Repo rates in the beginning of H2 of FY 17. The company had proactively adopted the strategy of leveraging its banking relationship by way of subscription to its money market instruments. The company continued to build on its diversified investor base without losing sight of effective cost management.

Securitisation of receivables to the tune of ₹ 4,741 crores at lower rates resulted in good savings of interest costs. The benefits of the low interest cost on these deals will continue to accrue to the company in subsequent financial years.

CAPITAL ADEQUACY RATIO (CAR)

As at the end of FY 17, the capital adequacy ratio stood at 18.6% (Tier I: 13.6% and Tier II: 5.0%)

INVESTMENTS

The company's investments of ₹ 238.54 crores include investments in subsidiaries of ₹ 68.37 crores (net of provisions), investments in pass through certificates of ₹ 168.86 crores and investments in equity shares of ₹ 1.31 crores.

FINANCIAL REVIEW

The company's aggregate loan disbursements grew by 13% from ₹ 16,380 crores in FY 16 to ₹ 18,591 crores in FY 17. This was primarily on account of a 17% growth in vehicle finance disbursements. Home equity disbursements de-grew by 12% over previous year. The total AUM for the company as a whole grew by 15% (YoY) and the growth of on-balance sheet assets was 15%. The business AUM (including on book and assigned and net of provisions) in FY 17 stood at ₹ 34,167 crores as against ₹ 29,650 crores recorded in FY 16.

The company follows a prudent and stringent provisioning policy, and creates provision over and above the prescribed norms by RBI. Considering the improved collections performance during the year and as a matter of prudence, the company decided to advance its adoption of the RBI regulations relating to recognition of NPAs at 3 months overdue and also increased its standard asset provisions from 0.35% to 0.40% (Which is mandatory only from FY 18). Consequently, the early adoption resulted in a GNPA of 4.7% and NNPA of 3.2% in FY 17 as compared to a GNPA of 4.5% and NNPA of 3.0% in FY 16 at 3 months overdue basis.

The company achieved a PBT Return on Total Assets (PBT - ROTA) of 3.9% in FY 17 as compared to 3.6% in FY 16. This was attained through balanced disbursement mix, robust collection of over-dues and lower cost of funds, resulting in better profitability. Net Income Margin (NIM) remained strong at 8.6% in spite of higher income reversals due to shift to 3 months overdues. Expenses to average asset ratio was also stable at 3.6% in spite of few one-time expenses incurred such as VAT liability on repossessed vehicles in Maharashtra, and higher costs of collection during demonetisation period. Loan losses & provisions to average assets dropped from 1.7% to 1.1% which was the main driver to improve ROTA in FY 17.

The net profit after tax for the year rose by 26% to ₹ 719 crores from ₹ 568 crores in the previous year. Earnings per share for the year stood at ₹ 46.01 and the book value per share stood at ₹ 276 as against ₹ 37.50 and ₹ 234 in the previous year respectively.

HUMAN RESOURCES (HR)

The key HR Interventions for FY 17 focused on digitisation, decentralisation & value stream mapping of HR processes. The focus was more on strategic business partnering in order to meet the organizational goals through improved process efficiencies, enhanced customer service and higher employee engagement. Our L&D initiatives encouraged employee learning and helped business build a competent managerial team through structured learning practices.

Key Achievements of FY 17:

985 employees were hired in FY 17, of which 781 hired in management grade and the balance 204 in supervisory grade. Employee referral continues to be the major pool for sourcing.

- As part of the HR lean management initiative, a value stream mapping was introduced for key HR processes. The team studied the current state and mapped the future state map (FSM) for the following process:
 - On-boarding
 - Employee transfer
 - Employee separation

The future state map of these process has been implemented and reviewed on regular basis for enhanced employee experience.

- Employee separation Module (E-Exit), Employee transfer module was launched online in people power.
- Employee Self Service module was launched wherein employees can raise, request for service letters and download it from People Power (HRMS).
- Digitised records of all employee personnel files have been created. The digitised records are uploaded in people power, this ensures quick retrieval of employee records.
- An online solution was rolled out to capture employee attendance sign in. People Power, our HR system is now accessible on mobile by all employees providing them information related to policies, downloading of payslips, leave application management & daily attendance key in.
- Alternate Sourcing Channel Development for off roll employee mobilisation was deployed to address the challenge to source trained sales field executives (SFEs) in far off locations. In east zone, the company tied up with an Agency partnered with National Skill Development Authority-Govt. of India Project for mobilising fresh graduates from market to deploy trained SFEs for the company. This model is a cost free sourcing model as the project is funded by Govt. of India. Similar models for sourcing were deployed in south and west zones through ICICI Skills Academy. This model ensured readily available manpower as per the business timelines.

Learning & Development:

During the year, various learning & development programs have been rolled out for enhancing the organisational capabilities.

Functional training:

PBT, ROTA, products, processes has been carried out for vehicle finance business.

- Debt recovery agent training for HE business across locations.
- ▶ Technology roll out of the Tablet project and facilitation of the process training for the workforce.
- Vishesh training for the new business team.

Competency Training:

- Competency training on personal effectiveness, team management, time management, assertiveness, goal setting and sense of urgency.
- Training on innovation through design thinking.
- Personal finance manager nurturing program for employees to handle their cash flow to meet their short term goal & long term financial goal.
- Customer centricity and leadership journey program for the HE Business.

The company has in place a prevention of sexual harassment policy in line with the requirements of the Sexual Harassment of Women at the Workplace (Prevention, Prohibition and Redressal) Act, 2013. An Internal Complaints Committee (ICC) has been set up to redress complaints received regarding sexual harassment. All employees are covered under this policy. During the calendar year 2016, the ICC did not receive any complaints.

TECHNOLOGY INITIATIVES

Digitisation has been the core focus for the technology function across mobility, analytics, core applications and infrastructure domains, as the company strongly believes that digital technology would be an integral component for business growth.

With Mobility 2.0 (Project LEAP), over 8,500 of our field force has been enabled with the Tab based solution that vastly enhances customer experience while improving operational excellence. The company has been able to optimise resource utilization and delivered improved TAT by ensuring that all processes being digitized undergo a LEAN review.

Continuing in the mobility space, the mobile application for our customers provides 'Pay Now' facility for customers to carry our NEFT/RTGS/Debit card based payment. Point of sale (POS) devices were also deployed across our branches, to reinforce our commitment to the Government's digital transaction push. Gaadi Bazaar, a mobile platform for brokers to list used cars and participate in auctions, was launched - deepening broker relations while helping to realize better value for used vehicles.

During the course of the year, a new MIS solution was also launched that delivers better insight into business and financial performance. Intuitive data visualisation, along with ability to drill down to branch level performance, provides deeper insight into highs and lows and drive more focused growth.

The core lending and the general ledger accounting platforms were also upgraded to newer technology solutions. The underlying technology stack along with core infrastructure was also enhanced to a more resilient architecture, enabling the solutions to handle some of the highest loads ever seen in the history of the company.

RISK MANAGEMENT

The company is committed to creating value for its stakeholders through sustainable business growth and with that intent has put in place a robust risk management framework to promote a proactive approach in reporting, evaluating and resolving risks associated with the business. Given the nature of the business, the company is engaged in, the risk framework recognizes that there is uncertainty in creating and sustaining such value as well as in identifying opportunities. Risk management is therefore made an integral part of the company's effective management practice.

Risk Management Framework: The company's risk management framework is based on (a) clear understanding and identification of various risks (b) disciplined risk assessment by evaluating the probability and impact of each risk (c) Measurement and monitoring of risks by establishing Key Risk Indicators with thresholds for all critical risks and (d) adequate review mechanism to monitor and control risks.

The company has a well-established risk reporting and monitoring framework. The in-house developed risk monitoring tool, Chola Composite Risk Index, highlights the movement of top critical risks. This provides the level and direction of the risks, which are arrived at based on the two level risk thresholds for the identified Key Risk Indicators and are aligned to the overall company's risk appetite framework approved by the board. The company also developed such risk reporting and monitoring mechanism for the risks at business / vertical level. The company identifies and monitors risks periodically. This process enables the company to reassess the top critical risks in a changing environment that need to be focused on.

Risk Governance structure: The company's risk governance structure operates with a robust board and risk management committee with a clearly laid down charter and senior management direction and oversight. The board oversees the risk management process and monitors the risk profile of

the company directly as well as through a board constituted risk management committee. The committee, which meets a minimum of four times a year, reviews the risk management policy, implementation of risk management framework, monitoring of critical risks, and review of various other initiatives with a structured annual plan. The risk management division has established a comprehensive risk management framework across the business and provides appropriate reports on risk exposures and analysis in its pursuit of creating awareness across the company about risk management. The company's risk management initiatives and risk MIS are reviewed monthly by the managing director and business heads. The key risks faced by the company are credit risk, liquidity risk, interest rate risk, operational risk, reputational and regulatory risk, which are broadly classified as credit risk, market risk and operational risk.

CREDIT RISK

Credit risk arises when a borrower is unable to meet financial obligations to the lender. This could be either because of wrong assessment of the borrower's payment capabilities or due to uncertainties in future. The effective management of credit risk requires the establishment of appropriate credit risk policies and processes.

The company has comprehensive and well-defined credit policies across various businesses, products and segments, which encompass credit approval process for all businesses along with guidelines for mitigating the risks associated with them. The appraisal process includes detailed risk assessment of the borrowers, physical verifications and field visits. The company has a robust post sanction monitoring process to identify credit portfolio trends and early warning signals. This enables it to implement necessary changes to the credit policy, whenever the need arises. Also, being in asset financing business, most of the company's lending is covered by adequate collaterals from the borrowers. During the year under review, the company achieved major milestones in the area of credit risk management. The company developed a business decision model for its largest retail portfolio, vehicle finance, to help the segment plan the volume with adequate pricing of risk at regional level for the respective portfolio, reckoning the risk characteristics of the micro-markets. It also developed a credit scoring model to assess the credit worthiness of the individual retail borrowers for underwriting decisions and adequately pricing them with respect to the risks assessed.

MARKET RISK

Risk is the possibility of loss arising from changes in the value of a financial instrument as a result of changes in market variables such as interest rates, exchange rates and other asset prices. The company's exposure to market risk is a function of asset liability management activities. The company is exposed to interest rate risk and liquidity risk.

Market risk is the possibility of loss arising from changes in the value of a financial instrument as a result of changes in market variables such as interest rates, exchange rates and other asset prices.

The company's exposure to market risk is a function of asset liability management. The company is exposed to interest rate risk and liquidity risk. The company continuously monitors these risks and manages them through appropriate risk limits. The Asset Liability Management Committee (ALCO) reviews market-related trends and risks and adopts various strategies related to assets and liabilities, in line with the company's risk management framework. ALCO activities are in turn monitored and reviewed by a board sub-committee.

OPERATIONAL RISK

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people or systems, or from external events.

The operational risks of the company are managed through comprehensive internal control systems and procedures and key back up processes. In order to further strengthen the control framework and effectiveness, the company has established risk control self-assessment at branches to identify process lapses by way of exception reporting. This enables the management to evaluate key areas of operational risks and the process to adequately mitigate them on an ongoing basis. The company also undertakes Risk based audits on a regular basis across all business units / functions. While examining the effectiveness of control framework through self-assessment, the risk-based audit would assure effective implementation of self-certification and internal financial controls adherence, thereby, reducing enterprise exposure.

The company has put in place a robust Disaster Recovery (DR) plan, which is periodically tested. Business Continuity Plan (BCP) is further put in place to ensure seamless continuity of operations including services to customers, when confronted with adverse events such as natural disasters, technological failures, human errors, terrorism, etc. Periodic testing is carried

out to address gaps in the framework, if any. DR and BCP audits are conducted on a periodical basis to provide assurance regarding the effectiveness of the company's readiness.

The company is continuously engaged in creating risk awareness and culture across the organisation through training on risk management tools and communication through risk e-newsletters.

INTERNAL CONTROL SYSTEMS

An internal control framework, including internal financial controls, encompass clear delegation of authority and standard operating procedures, which are available across all businesses and functions. Clear segregation of duties exists between various functions. Key operational processes (finance and operations) are centralised at head office for better control. The company has instituted a strong IT security system to ensure information security. All policies are reviewed and approved by the board on a periodic basis.

The company adopts a co-sourced model of internal audit. Both the in-house internal audit department and M/s. Price Waterhouse & Co. Bangalore LLP, the company's external internal auditors, execute a rigorous audit calendar spanning multiple business processes. Internal audit team conducts an independent review of the design and operating effectiveness of internal financial controls established by the management and recommends improvements. Critical audit observations are shared with the audit committee on a quarterly basis to effectively monitor controls and implement recommendations.

On compliance matters, a methodical system of monthly selfassessment exists in all functions. A robust mechanism is in place to control, detect and prevent fraud. The investigations are reviewed by a disciplinary committee comprising senior management members and chaired by the managing director.

The internal financial control systems are constantly monitored both by an in-house team as well as the external internal auditors. The risk and control matrices are reviewed by the internal audit team on a quarterly basis, control measures are tested and results are communicated to the Audit committee. These measures have helped in ensuring the adequacy and operating effectiveness of internal financial controls.

The statutory auditors of the company have also certified on the existence and operating effectiveness of the internal financial controls relating to financial reporting as of March 2017.

Report on Corporate Governance

Corporate governance is about commitment to values and ethical business conduct. It is also about how an organisation is managed viz., its corporate and business structure, its culture, policies and the manner in which it deals with various stakeholders. Timely and accurate disclosure of information regarding the financial position of the company, its performance and ownership forms part of the corporate governance.

CORPORATE GOVERNANCE PHILOSOPHY

The company is committed to the highest standards of corporate governance in all its activities and processes.

The company has always believed in and practices the highest standards of corporate governance since its inception. The board recognises that governance expectations are constantly evolving and it is committed to keeping its standards of transparency and dissemination of information under continuous review to meet both letter and spirit of the law and its own demanding levels of business ethics.

The company believes that sound corporate governance practices are crucial to the smooth and efficient operation of a company and its ability to attract investment, protect the rights of its stakeholders and provide shareholder value. Everything the company does is defined and conditioned by the high standards of governance, which serve its values. The company firmly believes in and follows the below quote:

"The fundamental principle of economic activity is that no man you transact with will lose; then you shall not."

The corporate governance philosophy of the company is driven by the following fundamental principles:

- Adhere to corporate governance standards beyond the letter of law:
- Maintain transparency and high degree of disclosure levels;
- Maintain a clear distinction between the personal interest and the corporate interest;
- Have a transparent corporate structure driven by business needs; and
- Ensure compliance with applicable laws.

BOARD OF DIRECTORS

The corporate governance practices of the company ensure that the board of directors (the board) remains informed, independent and involved in the company and that there are ongoing efforts towards better governance to mitigate "non-business" risks.

The board is fully aware of its fiduciary responsibilities and recognises its responsibilities to shareholders and other stakeholders to uphold the highest standards in all matters concerning the company and has empowered responsible persons to implement its broad policies and guidelines and has set up adequate review processes.

The board is committed to representing the long-term interests of the stakeholders and in providing effective governance over the company's affairs and exercise reasonable business judgment on the affairs of the company.

The company's day to day affairs are managed by the managing director, assisted by a competent management team, under the overall supervision of the board. The company has in place an appropriate risk management system covering various risks that the company is exposed to, including fraud risks, which are discussed and reviewed by the audit committee and the board every quarter.

The company's commitment to ethical and lawful business conduct is a fundamental shared value of the board, the senior management and all employees of the company. Consistent with its values and beliefs, the company has formulated a Code of Conduct applicable to the board and senior management. Further, the company has also adopted a Code of Conduct to regulate, monitor and report trading by insiders in the securities of the company and a whistle blower policy for reporting any concerns or grievances by directors / employees / customers and vendors in their dealings with the company. In order to ensure that the mechanism is effective and as prescribed, direct access to the chairman of the audit committee is provided to the complainant.

Composition

The board has been constituted in a manner as per regulation 17 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations) and the Companies Act, 2013 (the Act). The board has a mix of executive / non-executive and independent directors, including a woman director to ensure proper governance and management. The board members have collective experience in diverse fields like banking, audit, finance, compliance and technology. The directors are elected based on their qualification and experience in varied fields. None of the directors are *inter-se* related.

Familiarisation programme for directors

The company's independent directors are eminent professionals with several decades of experience in banking and financial services industry and are fully conversant and familiar with the business of the company. The company has an ongoing familiarisation programme for all directors with regard to their roles, duties, rights, responsibilities in the company, nature of the industry in which the company operates, the business model of the company, etc. The programme is embedded in the regular meeting agenda where alongside the review of operations information on the industry, competition and company strategy are presented on a quarterly basis. The details of the familiarisation programme attended by directors are available on the website of the company (web link: http://www.cholamandalam.com/files/media/Familiarisation-programme-imparted-to-Independent-Directors.pdf).

At the time of induction of a director on the board of the company, a formal invitation to join the board of the company is sent out along with a brief introduction about the company. A copy of the company's latest annual report and the schedule of the upcoming board / committee meetings for the calendar year is forwarded to the director. The director is explained in detail the compliances required of him / her under the Act, the

Listing Regulations and other relevant regulations and his / her affirmation is taken with respect to the same. By way of an introduction to the company, a directors' handbook comprising a compendium of the role, powers and duties to be performed by a director as well as the internal guidelines is given to every new director. The handbook is updated periodically for regulatory and other policy changes and updated copies of the handbooks are provided to all the directors. Additionally, the company's code of conduct which inter alia explains the values and beliefs of the company, functions, duties and responsibilities as a director of the company, including the duties of independent directors in terms of the Act is given to the director at the time of joining and on an annual basis. Further, there is a detailed quarterly discussion and presentation on review of operations of the company and the regulatory updates impacting the business which helps the director familiarise himself / herself with the company, its business and the regulatory framework in which the company operates.

REMUNERATION OF DIRECTORS

Remuneration Policy

The success of any organisation in achieving good performance and governance depends on its ability to attract quality individuals on the board.

The company has in place a remuneration policy which is guided by the principles and objectives as enumerated in section 178 of the Act.

Currently, the managing director is the only executive director on the board. The compensation to the managing director is within the scale approved by the shareholders. The elements of compensation comprise a fixed component and a performance incentive. The compensation is determined based on the level of responsibility and scales prevailing in the industry. The managing director is not paid sitting fees for any board / committee meetings attended by him.

The compensation to the non-executive directors takes the form of commission on profits. Though the shareholders have approved payment of commission up to one per cent of the net profits of the company for each year calculated as per the provisions of section 198 of the Act, the actual commission paid to the directors is restricted to a fixed sum within the above limit annually on the basis of their tenor in office during the financial year. The sum is reviewed periodically taking into consideration various factors such as performance of the company, time devoted by the directors in attending to the affairs and business of the company and the extent of responsibilities cast on the directors under various laws and other relevant factors. Depending on the time and efforts put in by the directors towards the affairs of the company, the directors are also paid a differential remuneration.

The non-executive directors are also paid sitting fees subject to the statutory ceiling for all board and committee meetings attended by them.

Criteria for Board Nomination

The nomination and remuneration committee is responsible for identifying persons for initial nomination as directors and evaluating incumbent directors for their continued service. The committee has formulated a charter in terms of the provisions of the Act, regulation 19(4) of the Listing Regulations and RBI Regulations applicable for non-banking finance companies, which *inter alia*, deals with the personal traits, competencies, experience, background and other fit and proper criteria. These attributes shall be considered for nominating candidates for board positions / re-appointment of directors.

Criteria for appointment in senior management

The nomination and remuneration committee is responsible for identifying persons who are qualified to be appointed in senior management. The committee has formulated the charter in terms of the provisions of the Act and the Listing Regulations, which *inter alia*, deals with the criteria for identifying persons who are qualified to be appointed in senior management. These attributes shall be considered for nominating candidates for senior management position.

Performance Evaluation

In terms of the provisions of the Act and the Listing Regulations, the board carries out an annual performance evaluation of its own performance, the directors individually including the managing director carries out a self as well as a peer evaluation and the individual committees carries out an evaluation of the working of the committees. The performance evaluation of the independent directors is carried out by the entire board. The performance of the chairman and the non-independent directors are carried out by the independent directors. Chairman anchors the sessions on self, peer, committee and board effectiveness evaluations. Chairman of the nomination and remuneration committee anchors the session on chairman evaluation.

Policy on Board diversity

The nomination and remuneration committee has devised a policy on board diversity which sets out the approach to diversity on the board of the company. The policy provides for having a truly diverse board comprising of appropriately qualified people with a broad range of experience relevant to the business of the company.

Share Transfer System

For speedy processing of share transfers, the board has delegated powers to approve share transfers to the managing director up to certain limits and beyond that to the stakeholders' relationship committee. Depending on the number of requests received, share transfers are processed every week.

Dematerialisation of shares and liquidity

The company has signed agreements with both depositories in the country, namely, National Securities Depository Limited (NSDL) and Central Depository Services (India) Limited (CDSL). The company's shares are in the list of compulsory demat settlement. As of 31 March, 2017, 99.72% of the company's shares were held in dematerialised form. The company's shares are regularly traded on National Stock Exchange of India Limited and BSE Limited, in electronic form under the ISIN: INE121A01016.

However, there are still 4,371 shareholders holding 0.28% of the company's shares in physical form. Those shareholders whose shares are held in physical mode may consider moving to dematerialised mode as it is a safer and easier way to hold and to transact in shares.

Nomination facility

The company is accepting nomination forms from shareholders in the prescribed form. All those who are desirous of making a nomination are requested to contact the RTA. The shareholders holding shares in dematerialised form are requested to forward their nomination instructions to the concerned depository participants. Nomination is only optional and can be cancelled or varied by a shareholder at any time.

Payment of dividend through NACH

The company uses National Automated Clearing House (NACH) facility for payment of dividends directly to the bank accounts of shareholders. The shareholders may use the facility by providing the bank account number to the depository participant / RTA, as may be relevant, to enable the company to effect the dividend payment through the NACH mode.

Green initiative in corporate governance

The Companies Act, 2013 (the Act) and the underlying rules permit companies to send various documents including the financial statements through electronic mode to the shareholders. To support the green initiative and to receive all documents, notices, including annual reports and other communications of the company, shareholders are requested to register the e-mail ID with the depository participant, if the holding is in electronic mode. If shares are held in physical mode, the shareholders may give a positive consent in writing to RTA for receiving by electronic mode.

Details of complaints received and redressed

During the year, two investor service complaints relating to transmission of shares were received and both the complaints were resolved. There were no investor service complaints pending as on 31 March, 2017.

Independent Auditor's Report

TO THE MEMBERS OF

CHOLAMANDALAM INVESTMENT AND FINANCE COMPANY LIMITED

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **CHOLAMANDALAM INVESTMENT AND FINANCE COMPANY LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2017, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2017, and its profit and its cash flows for the year ended on that date.

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **CHOLAMANDALAM INVESTMENT AND FINANCE COMPANY LIMITED** ("the Company") as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary

Annexure "A" to the Independent Auditor's Report (Contd.)

to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Chairman Vellayan Subbiah Managing Director

M.B.N. Rao

For the year ended March 31, 2017

Cholamandalam Investment and Finance Company Limited ("the company") is one of the premier diversified non-banking finance companies in India, engaged in providing vehicle finance, home loans and corporate mortgage loans. The company through its subsidiaries, is also engaged in the business of broking, distribution of financial products and freight data solutions.

1. Significant Accounting Policies

Basis of accounting and preparation of Financial Statements

The financial statements of the company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under section 133 of the Companies Act 2013 and Companies (Accounting Standard) Amendment Rules 2016, read with rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of Companies Act 2013. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

The company follows the prudential norms for income recognition, asset classification and provisioning as prescribed by the Reserve Bank of India (RBI) for Systemically Important Non-deposit taking Non-Banking Finance Companies (NBFC-ND-SI).

b) Use of Estimates

Preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) as of the date of the financial statements and the reported income and expenses during the year. The Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results could differ from these estimates and the differences between the actual results and the estimates are recognised prospectively in the periods in which the results are known.

c) Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/(loss) before extraordinary items and tax

is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the company are segregated based on the available information.

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

d) Revenue Recognition

Interest Income is recognised under the Internal Rate of Return method to provide a constant periodic rate of return on net investment outstanding on the loan contracts. In the case of Non-Performing Loans, interest income is recognised upon realisation, as per the RBI guidelines. Unrealised interest recognised as income in the previous period is reversed in the month in which the loan is classified as Non Performing.

Interest income on bill discounting is recognised over the tenure of the instrument so as to provide a constant periodic rate of return.

Interest spread on bilateral assignment or securitisation of receivables is recognised over the tenor of the underlying assets as per the RBI Guidelines.

Loss, if any, in respect of securitisation and assignment is recognised upfront.

Service Charges are recognised on issue of delivery instruction to the dealer/manufacturer in respect of the assets financed or on release of disbursement amount, whichever is earlier, and when there is no uncertainty in receiving the same.

Additional interest, cheque bounce charges, field visit charges and other penal / servicing charges are recognised as income on realisation due to uncertainty in their collection.

Income from non-financing activity is recognised as per the terms of the respective contract on accrual basis.

For the year ended March 31, 2017

Interest income on bonds and deposits and pass through certificates is recognised on accrual basis.

Profit / loss on sale of investments is recognised at the time of sale or redemption.

Dividend Income is recognised when the right to receive dividend is established.

e) Fixed Assets, Depreciation and Impairment

Tangible fixed assets/Depreciation:

Fixed Assets are stated at cost less accumulated depreciation and impairment losses, if any. Cost includes taxes, duties, freight and incidental expenses related to the acquisition and installation of the asset. Subsequent expenditure on fixed assets after their purchase / completion is capitalised, only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance. Fixed assets retired from active use and held for sale are stated at the lower of their net book value and net realisable value and are disclosed separately.

Depreciation on tangible fixed assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of certain categories of assets as provided below, in whose case the life of the assets has been assessed as under, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset and past history of replacement.

Useful life of assets as per Schedule II:

Asset Description	Estimated Useful Life
Buildings	60 years
Plant and Machinery	3 years
-Computer Equipment	
Office Equipment	5 years
Leasehold improvements	Lease Period or 5 years, whichever is lower

Useful life of assets based on the Management's estimation:

Asset Description	Estimated Useful Life
Plant and Machinery -Others*	5 years
Furniture and Fixtures*	5 years
Vehicles*	5 years

*Estimated useful life of these assets is based on usage and replacement policy of such assets.

Assets individually costing less than or equal to ₹ 5,000 are fully depreciated in the year of acquisition.

Intangible assets / Amortisation:

Intangible assets are stated at cost less accumulated amortisation and impairment losses, if any, and are amortised over their estimated useful life on the straight-line method as follows:

Asset Description	Estimated Useful Life
Intangible Assets – Computer Software	License Period or 3 years, whichever is lower

The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation method is revised to reflect the changed pattern.

The carrying amount of assets is reviewed at each Balance Sheet date to ascertain impairment based on internal or external factors. Impairment is recognised, if the carrying value exceeds the higher of net selling price of the assets and its value in use.

f) Investments

Investments which are long-term in nature are stated at cost. Provisions made for diminution in value, if it is of nature other than temporary.

Current investments are individually valued at the lower of cost and fair value.

Cost of investments include acquisition charges such as brokerage, fees and duties.

g) Receivables under Financing Activity, Provisioning and De-recognition

All loan exposures to borrowers with instalment structure are stated at the full agreement value after netting off:

(i) Unearned income

(ii) Instalments appropriated up to the Balance Sheet date

Provision for Standard Assets is made as per internal estimates, based on past experience, realisation of security, and other relevant factors, on the outstanding amount of Standard Assets for all types of lending, subject to the minimum provisioning requirements specified by the RBI.

Provision for Non-Performing Assets is made as per the provisioning norms approved by the Board for each type of lending activity, subject to the minimum provisioning requirements specified by the RBI.

For the year ended March 31, 2017

The company sells loan receivables by way of securitisation or direct assignment. On such sale, assets are derecognised on transfer of significant risks and reward to the purchaser and fulfilling of the true sale criteria specified in the RBI guidelines on securitisation and direct assignment.

h) Repossessed Assets

Repossessed Assets are valued at the lower of cost and the estimated net realisable value.

i) Retirement and Other Benefits

(i) Defined Contribution Plans:

Provident Fund: Contributions to the Regional Provident Fund Commissioner to secure retiral benefits in respect of Employees' Provident Fund and Employees' Family Pension Fund, based on the statutory provisions as per the Employee Provident Fund Scheme. The company has no liability for future Provident Fund benefits other than its contribution and recognises such contributions as an expense in the Statement of Profit and Loss in the period when services are rendered by the employees.

Employees' State Insurance: The company contributes to Employees State Insurance Scheme and recognises such contribution as an expense in the Statement of Profit and Loss in the period when services are rendered by the employees.

Superannuation: The company contributes a sum equivalent to 15% of eligible employees' salary to a Superannuation Fund administered by trustees and managed by Life Insurance Corporation of India (LIC). The company has no liability for future Superannuation Fund benefits other than its contribution and recognises such contributions as an expense in the Statement of Profit and Loss in the period when services are rendered by the employees.

(ii) Defined Benefit Plan

Expenditure for defined benefit gratuity plan is calculated as at the Balance Sheet date in a manner that distributes expenses over the employees working lives. These commitments are valued at the present value of expected future payments and with consideration for calculated future salary increases.

The company makes contribution to a Gratuity Fund administered by trustees and managed by LIC. The

company accounts its liability for future gratuity benefits based on actuarial valuation, as at the Balance Sheet date, determined by an independent actuary using the Projected Unit Credit method.

Actuarial gains and losses are recognised in the Statement of Profit and Loss in the year in which they occur

(iii) Long-term compensated absences

The company treats its liability for long-term compensated absences based on actuarial valuation as at the Balance Sheet date, determined by an independent actuary using the Projected Unit Credit method.

Actuarial gains and losses are recognised in the Statement of Profit and Loss in the year in which they occur.

While the long-term compensated absences is treated as long-term employee benefit for measurement purpose, it is presented as current provision in the Balance Sheet since the company does not have an unconditional right to defer its settlement for 12 months after its reporting date.

(iv) Other-short term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of short-term compensated absences is accounted as under:

- a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences;
- b) in case of non-accumulating compensated absences, when the absences occur.

j) Foreign Currency Transactions

The company translates foreign currency transactions into Indian Rupees at the rate of exchange prevailing at the transaction date. Monetary assets and liabilities denominated in foreign currency are translated into Indian

For the year ended March 31, 2017

Rupees at the rate of exchange prevailing at the Balance Sheet date. Exchange differences arising on the settlement of monetary items or on reporting the company's monetary items at rates different from those at which they were initially recorded during the period, or reported in previous financial statements are recognised as income or as expenses in the period in which they arise.

The company enters into forward exchange contracts and other instruments that are in substance a forward exchange contract to hedge its risks associated with foreign currency fluctuations. The premium or discount arising at the inception of a forward exchange contract or similar instrument is amortised as expense or income over the life of the contract. Exchange differences on such contract are recognised in the Statement of Profit and Loss in the period in which the exchange rates change. Any profit or loss arising on cancellation of a forward exchange contract or similar instrument is recognised as income or expense for the period.

k) Derivative Accounting

The company enters into derivative contracts in the nature of foreign currency swaps with an intention to hedge its existing assets and liabilities in foreign currency. Derivative contracts which are closely linked to the existing assets and liabilities are accounted as per the policy stated for foreign currency transactions and translations.

Derivative contracts designated as a hedging instrument for highly probable forecast transactions are accounted as per the policy stated for Hedge accounting.

All other derivative contracts are marked-to-market and losses are recognised in the Statement of Profit and Loss. Gains arising on the same are not recognised, until realised, on grounds of prudence.

I) Hedge Accounting

The company uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to highly probable forecast transactions. The company designates such forward contracts in a cash flow hedging relationship by applying the hedge accounting principles set out in "Accounting Standard 30 Financial Instruments: Recognition and Measurement" issued by ICAI. These forward contracts are stated at fair value at each reporting date. Changes in the fair value of these forward contracts that are designated and effective as hedges of future cash flows are recognised directly in "Hedging reserve account"

under Reserves and surplus, net of applicable deferred income taxes and the ineffective portion is recognised immediately in the Statement of Profit and Loss. Amounts accumulated in the "Hedging reserve account" are reclassified to the Statement of Profit and Loss in the same periods during which the forecasted transaction affects profit and loss. Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. For forecasted transactions, any cumulative gain or loss on the hedging instrument recognised in "Hedging reserve account" is retained until the forecasted transaction occurs. If the forecasted transaction is no longer expected to occur, the net cumulative gain or loss recognised in "Hedging reserve account" is immediately transferred to the Statement of Profit and Loss.

m) Lease Accounting

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis over the lease term.

n) Business Origination and Outsourcing

Business origination and outsourcing represents expenditure incurred for sourcing, processing of a loan and back office activities through external service providers. It is recognised in the Statement of Profit and Loss in the period incurred.

o) Service Tax Input Credit

Service Tax Input Credit is accounted for in the books in the period when the underlying service received is accounted and when there is no uncertainty in availing / utilising the same.

p) Taxation

Income Tax: Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Deferred Tax: Deferred tax is recognised on timing differences, being the difference between the taxable income and the accounting income, that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using

For the year ended March 31, 2017

the tax rates and the tax laws enacted or substantively enacted as at the reporting date..

Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses and items relating to capital losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise the assets.

Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

Current and deferred tax relating to items directly recognised in reserves is recognised in reserves and not in the Statement of Profit and Loss.

q) Employee share based payments

In respect of stock options granted pursuant to the company's Employee Stock Option Schemes, the company determines the compensation cost based on the intrinsic value method and it is amortised on a straight-line basis over the vesting period.

r) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised only when the company has present or legal or constructive obligations as a result of past events, for which it is probable that an outflow of economic benefit will be required to settle the transaction and a reliable estimate can be made for the amount of the obligation.

Contingent liability is disclosed for -

- Possible obligations which will be confirmed only by future events not wholly within the control of the company or
- (ii) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are neither recognised nor disclosed in the financial statements.

s) Segment Reporting

The company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to the company as a whole and are not allocable to segments on reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities".

t) Finance Costs

Interest on borrowings is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable on the borrowings. Discount on commercial papers and zero Coupon bonds is amortised over the tenor of the underlying instrument. Premium payable on redemption of debentures is accrued over the tenor of the debentures.

Ancillary costs incurred in connection with the arrangement of borrowings, including borrowings sanctioned but not availed, is amortised on a straight-line basis, over the tenure of the respective borrowings. Unamortised borrowing costs remaining, if any, are fully expensed off as and when the related borrowings are prepaid / cancelled.

u) Share Issue Expenses

Share issue expenses are adjusted against the Securities Premium Account as permissible under Section 52 of the Companies Act, 2013, to the extent any balance is available for utilisation in the Securities Premium Account.

For the year ended March 31, 2017

The balance of Share issue expenses in excess of the balance in the Securities Premium Account is expensed in the Statement of Profit and Loss.

v) Earnings Per Share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary-items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

w) Operating Cycle

Assets and Liabilities are classified as Current and Non-Current based on the Operating Cycle which has been

estimated to be 12 months. All assets and liabilities which are expected to be realised and settled, within a period of 12 months from the date of Balance Sheet have been classified as Current and other assets and liabilities are classified as Non-current. All Non-performing assets are classified as Non-Current.

2. a) Early adoption of Provision for Non-performing assets and Standard assets

The Reserve Bank of India has prescribed the revised asset classification norms and provisioning norms which are required to be adopted in a phased manner over a period of three years commencing from the financial year ended March 31, 2016.

In the previous year (March 31, 2016), the company had early adopted the provisioning for standard assets to the extent they are required to be complied by March 31, 2018 and the revised asset classification norms to the extent they are required to be complied by March 31, 2017. Further, on a prudent basis, the company had created a one-time additional provision of ₹ 5,480 lakhs in previous year against standard assets.

In the current year (March 31, 2017), the company has early adopted the revised norms / provisions to the extent they are required to be complied by March 31, 2018.

b) Pursuant to the MCA notification dated March 30, 2017, Accounting Standards 4, Contingencies and Events occurring after the Balance Sheet date, has been revised to state that the dividends declared after the balance sheet date but before the financial statements are approved are not recognised as a provision at the balance sheet date, as there is no obligation existing as that date.

The fair value of options used to compute Proforma net profit and earnings per Equity Share have been estimated on the date of the grant using Black-Scholes model by an independent consultant.

The key assumptions used in Black-Scholes model for calculating fair value as on the date of the grant are:

ESOP 2007

			Variables			
Date of Grant	Risk Free Interest Rate	Expected Life	Expected Volatility	Dividend Yield	Price of the underlying Share in the Market at the time of the Option Grant (₹)	Fair Value of the Option (₹)

The shareholders of the company, at the 34th Annual General Meeting held on July 30, 2012, authorised extension of exercise period from 3 years from the date of vesting to 6 years from the date of vesting. Accordingly, the company has measured the fair value of the options using the Black Scholes model immediately before and after the date of modification to arrive at the incremental fair value arising due to the extension of the exercise period. The incremental fair value so calculated is recognised from the modification date over the vesting period in addition to the amount based on the grant date fair value of the stock options.

The incremental (benefit)/cost due to modification of the exercise period from 3 years to 6 years from the date of vesting for the year ended March 31, 2017 is ₹ Nil (March 31, 2016- ₹ 0.96 lakhs).

The fair value of the options has been calculated using the Black Scholes model on the date of modification.

The assumptions considered for the calculation of the fair value (on the date of modification) are as follows:

Variables	Post Modification
Risk Free Interest Rate	7.92%-8.12%
Expected Life	0.12 years - 6.25 years
Expected Volatility	28.28% - 63.00%
Dividend Yield	1.18%
Price of the underlying share in market at the time of the option grant	₹ 212.05

Independent Auditor's Report

TO THE MEMBERS OF

CHOLAMANDALAM INVESTMENT AND FINANCE COMPANY LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **CHOLAMANDALAM INVESTMENT AND FINANCE COMPANY LIMITED** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") comprising of the Consolidated Balance Sheet as at March 31, 2017, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Independent Auditor's Report (Contd.)

Opinion

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries referred to in the Other Matters paragraph below, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2017, and their consolidated profit and their consolidated cash flows for the year ended on that date.

Other Matters

We did not audit the financial statement of three subsidiaries whose financial statements reflect total assets of ₹ 11,596 lakhs as at March 31, 2017, total revenues of ₹ 3,979 lakhs and net cash outflows amounting to ₹ 559 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below is not modified in respect of the above matters with respect to our reliance on the work done and the reports of other auditors.

Report on Other Legal and Regulatory Requirements

- 1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of the other auditors on separate financial statements of the subsidiaries referred in the Other Matters paragraph above we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards prescribed under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2017 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies, incorporated in India is disqualified as on March 31, 2017 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A", which is based on the auditors' reports of the Holding company, and subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the subsidiary company's incorporated in India, internal financial controls over financial reporting.

Independent Auditor's Report (Contd.)

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. There were no pending litigations which would impact the consolidated financial position of the Group.
 - ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses on long-term contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India.
 - iv. The Holding Company has provided requisite disclosures in the consolidated financial statements as regards the holding and dealings in Specified Bank Notes as defined in the Notification S.O. 3407(E) dated the 8th November, 2016 of the Ministry of Finance, during the period from 8th November, 2016 to 30th December, 2016 of the Group entities as applicable. Based on audit procedures performed and the representations provided to us by the management we report that the disclosures are in accordance with the relevant books of accounts maintained by those entities for the purpose of preparation of the consolidated financial statements and as produced to us and the other auditors by the Management of the respective Group entities.

Annexure "A" to the Independent Auditor's Report

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2017, we have audited the internal financial controls over financial reporting of **CHOLAMANDALAM INVESTMENT AND FINANCE COMPANY LIMITED** (hereinafter referred to as "the Holding Company") and its subsidiary companies, which includes internal financial controls over financial reporting of the Company's subsidiaries, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company and its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally

Annexure "A" to the Independent Auditor's Report (Contd.)

accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to three subsidiary companies, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of the above matters.

For the year ended March 31, 2017

Cholamandalam Investment and Finance Company Limited ("the company") is one of the premier diversified non-banking finance companies in India, engaged in providing vehicle finance, home loans and corporate mortgage loans. The company, through its subsidiaries, is also engaged in the business of broking, distribution of financial products and freight data solutions.

1. Significant Accounting Policies

a) Principles of Consolidation

The consolidated financial statements relate to Cholamandalam Investment and Finance company Limited and its subsidiaries (hereinafter collectively referred to as "the Group"). The consolidated financial statements have been prepared on the following basis:

- (i) The Financial Statements of the company and its Subsidiaries have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating material intra-group balances and intra-group transactions and resulting in unrealised profits or losses, unless cost cannot be recovered.
- (ii) Investments in entities where the company holds interest on a temporary basis and where it does not exercise significant influence / control are not considered for consolidation purposes.
- (iii) The Financial Statements of the Subsidiaries in the Consolidation are drawn up to the same reporting date as that of the company i.e. March 31, 2017.
- (iv) The excess of Cost to the company of its Investment in the Subsidiaries over the company's portion of Equity on the date of acquisition is recognised in the financial statements as Goodwill. The carrying value of goodwill arising on Consolidation is not amortised but tested for impairment as at the end of each reporting period.
- (v) The excess of the company's portion of Equity of the Subsidiaries on the acquisition date over its Cost of Investment is treated as Capital Reserve.
- (vi) Minority Interest in the Net Assets of the Consolidated Subsidiaries consists of:
 - a) The amount of Equity attributable to Minorities at the date on which the investment in the Subsidiary is made; and

- b) The Minorities' share of movements in Equity since the date the Parent Subsidiary relationship came into existence.
- (vii) Minority Interest share in the Net Profit for the year of the Consolidated Subsidiaries is identified and adjusted against the Profit After Tax of the Group.

b) Particulars of consolidation

The financial statements of the following subsidiaries (all incorporated in India) have been considered for consolidation:

Name of the Company	Percentage of Vo March 31, 2017	ting Power as on March 31, 2016
Cholamandalam Securities Limited (CSEC)	100.00%	100.00%
Cholamandalam Distribution Services Limited (CDSL)	100.00%	100.00%
White Data Systems India Private Limited	63.00%	63.00%

Basis of accounting and preparation of the financial statements

The consolidated financial statements of the Group have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under section 133 of the Companies Act, 2013, read with rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of Companies Act, 2013. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

The company follows the prudential norms for income recognition, asset classification and provisioning as prescribed by the Reserve Bank of India (RBI) for Systemically Important Non-deposit taking Non-Banking Finance Companies (NBFC-ND-SI).

d) Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) as of the date of the financial statements and the reported income and expenses during the year. The Management believes that the estimates used in the preparation of

For the year ended March 31, 2017

the financial statements are prudent and reasonable. Future results could differ from these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

e) Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

Cash comprises of cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition) and highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

f) Revenue Recognition

Interest Income is recognised under the Internal Rate of Return method to provide a constant periodic rate of return on net investment outstanding on the Loan contracts. In the case of Non-Performing Loans, interest income is recognised upon realisation, as per the RBI guidelines. Unrealised interest recognised as income in the previous period is reversed in the month in which the loan is classified as Non-Performing.

Interest income on bill discounting is recognised over the tenure of the instrument so as to provide a constant periodic rate of return.

Service Charges are recognised on issue of delivery instruction to the dealer/manufacturer in respect of the assets financed or on release of disbursement amount, whichever is earlier, and when there is no uncertainty in receiving the same.

Additional Interest, cheque bounce charges, field visit charges and other penal / servicing charges are recognised as income on realisation due to uncertainty in their collection.

Interest spread on bilateral assignment or securitisation of receivables is recognised over the tenor of the underlying assets as per the RBI guidelines. Loss, if any, in respect of securitisation and assignment is recognised upfront.

Income from non-financing activity is recognised as per the terms of the respective contract on accrual basis.

Brokerage Income on stock broking and other charges are recognised on the trade date of transaction upon confirmation of the transaction by the exchanges.

Income from depository services, finance charges on client dues are recognised on the basis of agreements entered into with the clients and when the right to receive the income is established.

Income from business of providing freight data solution, revenue from transaction fees are charged from the transporter on accrual basis on initiation of trip and in certain cases on receipt of POD from the transporter.

Interest income on bonds and deposits and pass through certificates is recognised on accrual basis.

Commission is recognised on an accrual basis based on contractual obligations and when there is no uncertainty in receiving the same. Commission income is net of service tax.

Profit / loss on sale of investments is recognised at the time of sale or redemption.

Dividend Income is recognised when the right to receive dividend is established.

g) Fixed Assets, Depreciation and Impairment

Fixed Assets are stated at cost less accumulated depreciation. Cost includes taxes, duties, freight and incidental expenses related to the acquisition and installation of the asset. Subsequent expenditure on fixed assets after their purchase / completion is capitalised, only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance. Fixed assets retired from active use and held for sale are stated at the lower of their net book value and net realisable value and are disclosed separately.

Depreciation on tangible fixed assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of certain categories of assets as provided below, in whose case the life of the assets has been assessed as under taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset and past history of replacement.

For the year ended March 31, 2017

Useful life of assets as per Schedule II

Asset Description	Estimated Useful Life
Buildings	60 years
Plant and Machinery	3 years
- Computer Equipment	
Office Equipment	5 years
Leasehold improvements	Lease Period or 5 years, whichever is lower

Useful life of assets based on Management's estimation

Asset Description	Estimated Useful Life
Plant and Machinery - Others*	5 years
Furniture and Fixtures*	5 years
Vehicles*	5 years
Membership card of	
stock exchanges	10 years

^{*}Estimated useful life of these assets are based on usage and replacement policy of such assets.

Assets individually costing less than or equal to ₹ 5,000 are fully depreciated in the year of acquisition.

Intangible assets are amortised over their estimated useful life on straight line method as follows

Asset Description	Estimated Useful Life
Intangible Assets – Computer Software	License Period or 3 years,` whichever is lower

The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation method is revised to reflect the changed pattern.

The carrying amount of assets is reviewed at each Balance Sheet date to ascertain impairment based on internal or external factors. Impairment is recognised, if the carrying value exceeds the higher of net selling price of the assets and its value in use.

h) Investments

Investments which are long-term in nature are stated at cost. Provision is made for diminution in value if it is of nature other than temporary.

Current investments are individually valued at the lower of cost and fair value.

Costs of investments include acquisition charges such as brokerage, fees and duties.

Long-Term Investments are stated at cost other than the investment in the shares of Bombay Stock Exchange Limited, which is accounted at fair value based on the Expert Advisory Committee opinion on 'Accounting for

conversion of membership rights of erstwhile BSE (AOP) into trading rights of BSEL and shares'. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments.

Receivables under Financing Activity, Provisioning and Derecognition

All loan exposures to borrowers with instalment structure are stated at the full agreement value after netting off

- (i) Unearned income
- (ii) Instalments appropriated up to the Balance Sheet date.

Provision for Standard Assets is made as per internal estimates, based on past experience, realisation of security, and other relevant factors, on the outstanding amount of Standard Assets for all types of lending subject to minimum provisioning requirements specified by the RBI.

Provision for Non-Performing Assets is made as per the provisioning norms approved by the Board for each type of lending activity subject to the minimum provisioning requirements specified by the RBI.

The company sells loan receivables by way of securitisation or direct assignment. On such sale, assets are derecognised on transfer of significant risks and reward to the purchaser and fulfilling of the true sale criteria specified in the RBI guidelines on securitisation and direct assignment.

j) Repossessed Assets

Repossessed Assets are valued at the lower of cost and the estimated net realisable value.

Retirement and Other Benefits

(i) Defined Contribution Plans:

Provident Fund: Contributions to the Regional Provident Fund Commissioner to secure retiral benefits in respect of Employees' Provident Fund and Employees' Family Pension Fund are based on the statutory provisions as per the Employee Provident Fund Scheme. The Group has no liability for the future Provident Fund benefits other than its contribution and recognises such contributions as an expense in the Statement of Profit and Loss in the period when services are rendered by the employees.

Employees' State Insurance: The Group contributes to Employees' State Insurance Scheme and recognises such contribution as an expense in the Statement of Profit and Loss in the period when services are rendered by the employees.

Superannuation: The Group contributes a sum equivalent to 15% of eligible employees salary to a Superannuation Fund administered by trustees and managed by Life Insurance Corporation of India (LIC). The Group has no liability for future Superannuation Fund benefits other than its contribution and recognises such contributions as an expense in the Statement of Profit and Loss in the period when services are rendered by the employees.

(ii) Defined Benefit Plan

Expenditure for defined benefit gratuity plan is calculated as at the Balance Sheet date in a manner that distributes expenses over the employees working lives. These commitments are valued at the present value of expected future payments and with consideration for calculated future salary increases.

The Group makes contribution to a Gratuity Fund administered by trustees and managed by LIC. The Group accounts its liability for future gratuity benefits based on actuarial valuation, as at the Balance Sheet date by an independent actuary using the Projected Unit Credit method.

Actuarial gains and losses are recognised in the Statement of Profit and Loss in the year in which they occur.

(iii) Long-Term Compensated Absences

The Group accounts its liability for long-term compensated absences based on actuarial valuation, as at the Balance Sheet date determined by an independent actuary using the Projected Unit Credit method.

Actuarial gains and losses are recognised in the Statement of Profit and Loss in the year in which they occur.

While the long-term compensated absences is treated as long-term employee benefit for measurement purpose, it is presented as current provision in the Balance Sheet since the company does not have an unconditional right to defer its settlement for 12 months after its reporting date.

(iv) Other-Short Term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of short-term compensated absences is accounted as under:

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

I) Foreign Currency Transactions

Foreign Currency Transactions are accounted at the exchange rates ruling on the date of the transaction. Foreign currency monetary items as at the Balance Sheet date are restated at the closing exchange rates. Exchange differences arising on actual payments/realisations and year-end restatements are dealt with in the Statement of Profit and Loss.

The Group enters into forward exchange contracts and other instruments that are in substance a forward exchange contract to hedge its risks associated with foreign currency fluctuations. The premium or discount arising at the inception of a forward exchange contract or similar instrument is amortised as expense or income over the life of the contract. Exchange differences on such contract are recognised in the Statement of Profit and Loss in the period in which the exchange rates change. Any profit or loss arising on cancellation of a forward exchange contract or similar instrument is recognised as income or expense for the period.

m) Derivative Accounting

The Group enters into derivative contracts in the nature of foreign currency swaps with an intention to hedge its existing assets and liabilities in foreign currency. Derivative contracts which are closely linked to the existing assets and liabilities are accounted as per the policy stated for foreign currency transactions and translations.

For the year ended March 31, 2017

Derivative contracts designated as a hedging instrument for highly probable forecast transactions are accounted as per the policy stated for Hedge accounting.

All other derivative contracts are marked-to-market and losses are recognised in the Statement of Profit and Loss. Gains arising on the same are not recognised, until realised, on grounds of prudence.

n) Hedge Accounting

The company uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to highly probable forecast transactions. The company designates such forward contracts in a cash flow hedging relationship by applying the hedge accounting principles set out in "Accounting Standard 30 Financial Instruments: Recognition and Measurement" issued by ICAI. These forward contracts are stated at fair value at each reporting date. Changes in the fair value of these forward contracts that are designated and effective as hedges of future cash flows are recognised directly in "Hedging reserve account" under Reserves and surplus, net of applicable deferred income taxes and the ineffective portion is recognised immediately in the Statement of Profit and Loss. Amounts accumulated in the "Hedging reserve account" are reclassified to the Statement of Profit and Loss in the same periods during which the forecasted transaction affects profit and loss. Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. For forecasted transactions, any cumulative gain or loss on the hedging instrument recognised in "Hedging reserve account" is retained until the forecasted transaction occurs. If the forecasted transaction is no longer expected to occur, the net cumulative gain or loss recognised in "Hedging reserve account" is immediately transferred to the Statement of Profit and Loss.

o) Lease Accounting

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis over the lease term.

p) Business Origination and Outsourcing

Business origination and outsourcing represents expenditure incurred for sourcing, processing of a

loan and back office activities through external service providers. It is recognised in the Statement of Profit and Loss in the period incurred.

g) Service Tax Input Credit

Service Tax Input Credit is accounted for in the books in the period when the underlying service received is accounted and when there is no uncertainty in availing/utilising the same.

r) Taxation

Income Tax: Current tax is the amount of tax payable on the taxable income for the year and is determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Deferred Tax: Deferred tax is recognised, on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date.

Deferred tax liabilities are recognised for all timing differences. Deferred tax assets in respect of unabsorbed depreciation, carry forward losses and items relating to capital losses are recognised if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise such losses. Other deferred tax assets are recognised if there is reasonable certainty that there will be sufficient future taxable income available to realise such assets.

Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

Current and deferred tax relating to items directly recognised in reserves are recognised in reserves and not in the Statement of Profit and Loss.

Minimum alternate tax (MAT) paid in a period is charged to the Statement of Profit and Loss as current tax. The Group recognises MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Group recognises MAT

For the year ended March 31, 2017

credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the Statement of Profit and Loss and shown as "MAT Credit Entitlement." The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent it does not have convincing evidence that it will pay normal tax during the specified period.

s) Employee share based payments

In respect of stock options granted pursuant to the company's Employee Stock Option Schemes, the company determines the compensated cost based on the intrinsic value method and the compensation cost is amortised on a straight line basis over the vesting period.

t) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised only when the Group has present or legal or constructive obligations as a result of past events, for which it is probable that an outflow of economic benefit will be required to settle the transaction and a reliable estimate can be made for the amount of the obligation.

Contingent liability is disclosed for :-

- Possible obligations which will be confirmed only by future events not wholly within the control of the Group or
- (ii) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are neither recognised nor disclosed in the financial statements.

u) Segment Reporting

The Group identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Group.

Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities".

v) Finance Costs

Interest on borrowings is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable on the borrowings. Discount on commercial papers and zero coupon bonds is amortised over the tenor of the underlying instrument. Premium payable on redemption of debentures is accrued over the tenor of the debenture.

Ancillary costs incurred in connection with the arrangement of borrowings, including borrowings sanctioned but not availed, is amortised on a straight-line basis, over the tenure of the respective borrowings. Unamortised borrowing costs remaining, if any, are fully expensed off as and when the related borrowings are prepaid / cancelled.

w) Share issue expenses

Share issue expenses are adjusted against the Securities premium account as permissible under Section 52 of the Companies Act, 2013, to the extent any balance is available for utilisation in the Securities Premium Account. The balance of share issue expenses is debited to the Statement of Profit and Loss.

x) Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares

For the year ended March 31, 2017

which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

y) Operating Cycle

Assets and Liabilities are classified as Current and Non-Current based on the Operating Cycle which has been estimated to be 12 months. All assets and liabilities which are expected to be realised and settled, within a period of 12 months from the date of Balance Sheet have been classified as Current and other assets and liabilities are classified as Non-current. All Non-performing assets are classified as Non-Current.

z) Provision for Claw Back of Commission Income

The estimated liability for claw back of commission income is recorded in the period in which the underlying revenue is recognised. These estimates are established using historical information on the nature, frequency and expected average cost of claw back and management

estimates regarding possible future incidence. The estimates used for accounting of claw back claims are reviewed periodically and revisions are made as required.

2. a) Early adoption of Provision for Non-performing assets and Standard assets

The Reserve Bank of India has prescribed the revised asset classification norms and provisioning norms which are required to be adopted in a phased manner over a period of three years commencing from the financial year ended March 31, 2016.

In the previous year (March 31, 2016), the company had early adopted the provisioning for standard assets to the extent they are required to be complied by March 31, 2018 and the revised asset classification norms to the extent they are required to be complied by March 31, 2017. Further, on a prudent basis, the company had created a one-time additional provision of ₹ 5,480 lakhs in previous year against standard assets.

In the current year (March 31, 2017), the company has early adopted the revised norms / provisions to the extent they are required to be complied by March 31, 2018.

b) Pursuant to the MCA notification dated March 30, 2017, Accounting Standards 4, Contingencies and Events occurring after the Balance Sheet date, has been revised to state that the dividends declared after the balance sheet date but before the financial statements are approved are not recognised as a provision at the balance sheet date, as there is no obligation existing as that date.

The shareholders of the company, at the 34th Annual General Meeting held on July 30, 2012, authorised extension of exercise period from 3 years from the date of vesting to 6 years from the date of vesting. Accordingly, the company has measured the fair value of the options using the Black Scholes model immediately before and after the date of modification to arrive at the incremental fair value arising due to the extension of the exercise period. The incremental fair value so calculated is recognised from the modification date over the vesting period in addition to the amount based on the grant date fair value of the stock options.

The incremental (benefit)/cost due to modification of the exercise period from 3 years to 6 years from the date of vesting for the year ended March 31, 2017 is ₹ Nil (March 31, 2016 - ₹ 0.96 lakhs)

The fair value of the options has been calculated using the Black Scholes model on the date of modification.

The assumptions considered for the calculation of the fair value (on the date of modification) are as follows:

Variables	Post Modification
Risk Free Interest Rate	7.92%-8.12%
Expected Life	0.12 years - 6.25 years
Expected Volatility	28.28% - 63.00%
Dividend Yield	1.18%
Price of the underlying share in market at the time of the option grant.(₹)	₹ 212.05

ESOP 2016
